

SHOW INTEREST IN BUILDING PROJECT

Real Estate and Lumber Dealers, Contractors and Bankers Meet to Discuss Prospects

MORE HOMES IN PROSPECT

Plans are Being Formulated That Will Likely Result in Many Being Erected

Additional interest in the home building campaign for Rushville was taken Thursday afternoon at a meeting of real estate dealers, lumber men, building contractors and bankers, with the purpose being to stimulate plans for going forward with the erection of homes this summer.

The business firms represented were unanimous in their views concerning the bright prospects for the building of homes this summer, and although no definite plans of financing the work was reached, yet there are several things in view which will no doubt terminate in the way of aiding in the work.

It was pointed out that with the vast amount of construction work to be under way in Rushville this summer, including the building of two factories, erection of a high school gymnasium, building of a new parochial school, and possibly a community building, in addition to civic improvements such as water and sewer extensions, and private construction of homes, there will be need at once for additional houses.

Then after the completion of two factories this summer or early fall, there will be a big demand for more homes. The Tompkins-Endres furniture company will start operations with close to 100 men, and the Rushville Veneer Plant will start with 40 men. These men, it was pointed out, will be newcomers to Rushville, and in most cases, married men with families requiring homes.

Two plans are necessary to be worked out. Homes for rental purposes must be built, and then homes that can be built with a small down payment and the balance paid like rent to accommodate workmen who desire to buy homes and live in Rushville. With these facts presented to the gathering Thursday afternoon, steps will be taken within a few days to work out some plan by which homes can be built.

It was stated at the meeting that an organization is being formulated in Rushville to capitalize a company to furnish funds for those who wish to build their own homes. Lumber companies are investigating financing plans from outside firms that are interested in aiding developments of this nature.

A plea for persons who have lots and have funds with which to build houses, was made at the meeting and real estate agents were asked to list lots for sale. In turn, contractors were asked to seek out clients for prospective work, and lumber dealers can figure with the

MRS. DAISY TEVIS DIES AT RUSHVILLE HOSPITAL

Wife of Clarence Tevis Had Undergone Successful Operation For Gall Stones

SEIZED WITH HEART SPASM

Mrs. Daisy Tevis, age 40, wife of Clarence Tevis, living near Moscow, died this morning at four o'clock of an acute heart spasm of 30 minutes duration. Her death proved a severe shock to the family and friends.

The deceased was brought to the Dr. Sexton hospital early in the week, suffering with gall stones, and on Wednesday she underwent a successful operation, and her condition was most encouraging, until this morning when the heart attack developed. She died before any members of her family could be summoned from Moscow.

Besides the husband, she is survived by three children, Mary Carroll and George, all living at home. The funeral arrangements were not completed today and will be announced later.

GIRL'S FATHER IS INQUEST WITNESS

George Oberholtzer Repeats Story of Alleged Attack Upon Miss Madge Oberholtzer

STEPHENSON'S WORD LAW

Told Father He Said Nothing Could Be Done to Him—Marion County Grand Jury in Session

(By United Press)

Indianapolis, Ind., April 17—Speaking in a low trembling voice, George Oberholtzer, railway mail clerk, today told at the coroner's inquest of the tragedy that took his only daughter, Miss Madge Oberholtzer.

Miss Oberholtzer died from poison taken after an alleged attack for which D. C. Stephenson, former leader of the Indiana Ku Klux Klan is under indictment.

Oberholtzer repeated his daughter's story of being abducted by Stephenson from her home here on the night of March 16 and being assaulted on a train enroute to Hammond, Indiana, and later in a hotel at Hammond.

Oberholtzer said he was so broken up when his daughter was first returned home that he was allowed in her room only a few minutes at a time.

About a week later, he said, he went into the room during one of her periods of consciousness and she asked him to sit on the side of her bed and told him the whole story of the alleged kidnapping and attack.

She said she felt like she would die every minute of the trip back from Hammond by automobile after she had taken poison, Oberholtzer said. He testified that she begged Stephenson every few minutes to get a doctor for her, or to throw her out at the side of the road to let her die.

"Madge asked me if I thought they could send Stephenson to prison," Oberholtzer testified. "I told her I thought we could and she replied she thought it would have to be done by federal authorities. Madge told me Stephenson said to her nothing could be done to him because his word was law in Indiana."

Miss Beatrice Spradley, nurse who attended Miss Oberholtzer, described wounds on the girl's body, which were said to have been inflicted by Stephenson.

The mother of the girl is suffering from a nervous breakdown and was unable to testify at the inquest.

Oberholtzer said her story would be the same as his.

Testimony of the father concluded the inquest and the coroner's verdict is expected in a short time.

During his appearance at the inquest, Oberholtzer spoke in a low voice with his head bowed. His face showed deep lines of suffering.

The county grand jury was in session as the coroner's inquest was finished and court officials believe that an indictment charging Stephenson with murder for the death of Miss Oberholtzer, was in progress.

Little Blue River Friends Church Makes Contribution—Letter From State Farm Bureau

CHECK FOR \$1,204.13 RECEIVED

Contributions of Rush county people for the assistance of tornado sufferers in Southern Indiana were close to \$3,000 today, with \$14.00 more being received by the Rush county chapter of the American Red Cross.

Of this total from the county, the township farm bureaus and the Rush County Farm Bureau gave \$1,204.13. The following letter was received today from P. H. Crane, secretary-treasurer of the Indiana Farm Bureau Federation, thanking Rush county farmers for their help:

We are in receipt of the check for \$1,204.13 from Rush county for the Indiana Farm Bureau Relief Fund for the tornado sufferers in southern Indiana.

We certainly wish to express our deep appreciation for the splendid work Rush County has done in this emergency. Our work is going on very nicely, but of course there is still a lot to be done. It is hard for those who have not seen it to realize the seriousness of the disaster in the tornado stricken territory.

Again thanking you for your contribution, and trusting you will extend our gratitude to the townships helping to make up this fund, we remain

Yours very truly,

Corn Planted in Walker

Poesy township's claim to planting the first corn in Rush county this spring is contested by Walker township.

A report from Walker today was to the effect that Charles Brown, on the Tom Mull farm, finished planting forty acres of corn Wednesday evening.

Willard Tribbey of Posey township planted a field of corn on the John McCoy farm Tuesday.

LAYMEN IN FAVOR OF CHURCH UNION

Northern Indiana M. E. Conference Association Votes to Join North And South States

MINISTERS TO BALLOT

Their Vote is Also Expected to be Favorable to Union—Roy A. Haynes and Sen. Watson Speak

(By United Press)

Anderson, Ind., April 17—The Laymen's association of the northern Indiana conference of the M. E. church voted unanimously today in favor of merging the church of the northern and southern states, split since the civil war. Ministers of the conference will vote on the proposal late today or Saturday.

A favorable vote on the part of the laymen at the conference was indicated when the Laymen's Association passed a resolution endorsing the plan.

The ministerial vote is also expected to be for the union which will end the breach in the church organization created by the civil war.

Speaking before the conference yesterday, Roy A. Haynes, national prohibition director, declared that dry law violations will decrease as soon as public expresses itself more forcefully.

The public's own realization of its responsibility in enforcement of the dry laws will solve the prohibition question, Haynes said. His speech bristled with figures to prove the efficiency of the prohibition department.

Senator James E. Watson also addressed the conference.

The Laymen's Association elected the following district presidents: Fort Wayne district, L. M. Scott, Fort Wayne; Goshen district, D. C. Turner, Mishawaka; Logansport district, G. E. Beck, Kokomo; Anderson district, C. R. Neff, Anderson; Richmond district, H. L. Barr, Newcastle; Wabash district, A. H. Sapp, Huntington.

JAMES F. RONALD DIES

James F. Ronald, husband of Alma Mauzy, former Rushville girl, died at his home in San Francisco Wednesday evening, according to word received here today, and funeral services were to be held today. Mrs. Ronald was the daughter of Mr. and Mrs. Zary Mauzy. Mr. and Mrs. Ronald visited in this city two years ago.

TRACT SOLD CHEAP, REALTY MEN ASSERT

Sale of Feree Homestead Brings Out Fact That Other Small Tracts are Priced Higher

COMMENT OF REAL ESTATE MEN

The sale of a nine-acre tract of land, well improved with modern house and outbuildings, to James Waldeck, of Wayland, Ky., for \$8,500, brought to light the fact that this particular piece of real estate sold cheap compared with the prices that are being asked for similar tracts.

"I will give a \$50 bonus for every tract under ten acres in the same locality that I can sell at \$1,000 an acre," Jesse W. Guire said today, commenting on the sale to the Kentucky man. "The Lot Feree homestead sold for less than the price at which it was originally listed."

It developed that the owner of a tract of 9 1/2 acres in Circleville recently refused \$10,000 for it, and there are smaller tracts at the edge official bulletin was issued at the side, that have sold for more than \$1,000 an acre, counted on the acreage basis, it is stated by real estate dealers.

It was also said today that Mr. Waldeck had first considered living in Greensburg, but after looking over Rushville and its prospects for development, decided to make this city his home.

LIVED TOGETHER FOR 19 DAYS

Second Marriage is a Failure, Wife's Complaint Sets Forth

Carrie Flechart has filed suit in circuit court for divorce from Fred Flechart, charging that during their 19 days of married life he failed to work and provide and has left her here, while he has gone to Chicago to live.

The complaint alleges that they had been married before, and were granted a divorce in the court here in November, and remarried on March 11 of this year. After their second marriage, they again separated March 30. She charges that during their married life he was abusive, failed to support her and their child, and on the day of the separation, he left for Chicago, stating that he would not return.

INCENDIARY FIRE DID HEAVY DAMAGE

State Fire Marshal's Office Will Investigate Blaze at Home of D. C. Stephenson

DISCOVERED EARLY TODAY

Twenty-Nine Gallons of Mixture of Gasoline and Kerosene Found in The House

(By United Press)

Indianapolis, Ind., April 17—The state fire marshal's office was requested by police today to investigate the mysterious blaze which did heavy damage to the palatial home of D. C. Stephenson, former grand dragon of the Indiana Ku Klux Klan during the night.

John O'Brien, chief of the Indianapolis fire department, declared positively the blaze was of incendiary origin.

Twenty-nine gallons of a mixture of gasoline and kerosene were found in the house, O'Brien said, and gas jets in the house were open but not lighted when firemen arrived.

Stephenson, who is under indictment for the alleged kidnapping and assaulting of Miss Madge Oberholtzer, an Indianapolis girl, had not lived in the house for several weeks.

The blaze was discovered shortly after midnight by a woman living next door to the Stephenson home. She said several autos drove into the Stephenson yard earlier in the night and that a sharp explosion was heard just before the flames shot up in the dining room of the house.

Indications were that a six gallon can of the gasoline-kerosene mixture had exploded in the dining room, shooting flames all through the downstairs portion of the house, O'Brien said.

Several windows in the house were shattered by the blast. Firemen extinguished the blaze before it had gained great headway.

The Marion county grand jury was in session today and an indictment charging Stephenson with murder in connection with the death of Miss Oberholtzer was believed by court officials to be in prospect.

Prosecutor Remy and Charles Cox, former supreme court justice aiding in the prosecution of the case, held a long conference over evidence brought out at the coroner's inquest.

Both men refused to make a statement after the conference. Cox, however, was known to favor indictment of Stephenson for murder.

Several days before the death of Miss Oberholtzer he declared that Stephenson would be confronted with a murder charge when the girl died if "justice took its normal course."

Stephenson refused to make any statement concerning the fire, saying he was under high nervous tension and did not want to talk.

He said he first heard of the fire when Eph Imman, his attorney, phoned him at 2 a. m. Fred Butler, Stephenson's secretary, remarked that "it was another act for humanity's sake."

Stephenson was closeted in his office until 9:30 a. m., refusing to see callers. Then he left the office, accompanied by a state motor policeman.

Funeral services for Miss Oberholtzer were held at 10 o'clock today. Continued on Page Six

VERSAILLES GIRL IS VICTOR HERE

Miss Mary Royce, Winner in Fourth District, Places First in Territorial Contest

GOES TO STATE ORATORICAL

Paul Blackburn of Shelbyville, Sixth District Representative, is Vanquished in Contest

Miss Mary Royce, Versailles high school student and representing the Fourth congressional district won the territorial oratorical contest held in this city Thursday night, winning 3 to 2 over her opponent, Paul Blackburn, of Shelbyville, representing the Sixth District.

By winning the territorial contest, Miss Royce will now enter the state contest on April 24. It was the fourth victory that she has won with her oration, having first survived the local contest at Versailles, then won the Ripley county contest, and then the Fourth district.

Both orators were good, and it was a hard thing for the judges to decide, although it did not require very long for a decision because of only two candidates, and only one ballot was necessary. The judges, five in number, after retiring to another room in the school building, figured up their points, and wrote the name of their choice for first place, which was voted secretly in a hat, and when counted, three had voted for Miss Royce and two for Mr. Blackburn.

The judges were equally divided as far as living in the two congressional district, with two of them from the Fourth and two from the Sixth, and the fifth judge was from Marion county. The judges were Thomas E. Davidson, Greensburg; Donald DeShane, Columbus; Raymond Springer, Connersville; Will M. Sparks, Rushville and Peirre Goodrich of Indianapolis.

The two district chairmen, Mr. Richmond of Columbus and Gath Freeman of Richmond were in charge of the meeting here, and Mr. Freeman made a few introductory remarks, and also introduced the speakers. The high school orchestra furnished a musical program preceding the speaking, and during the interval when the judges were reaching their decision.

Miss Royce was the first speaker. Her address on the constitution was clearly given, and forcefully impressive, bringing out her arguments in a good manner. Her facial expression was a characteristic which no doubt helped win the decision of the judges.

On the other hand, Mr. Blackburn had a better and deeper voice than his opponent, and his arguments also were well presented. His pronunciation at times was hard to thoroughly understand, but this did

RUN AWAY IN THE SKIES; RETURNS BASE SAFELY

Giant Dirigible R-33 Brought in by Officers After Perilous Night on North Sea

PRIDE IN SHIP VINDICATED

(By United Press)

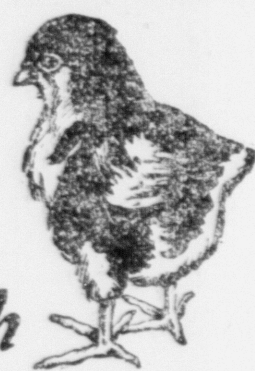

London, April 17—A run away in the skies for more than 32 hours, the Giant British dirigible R-33 returned to its base at Pulham at 2 o'clock this afternoon.

The airship made better time than had been expected however, and at 1:08 p. m. was cheered by crowds as it passed slowly over Lowestoft, headed for its base.

The airship, which was torn from its mooring mast shortly before 6 a. m. Thursday, maneuvered slowly over its aerodrome under perfect control this afternoon after having spent a perilous night over the storm swept North Sea.

The pride of air services officers in their dirigible was vindicated when its commander, who was on board, with 19 men of the crew when the R-33 was swept away on a 50 mile gale, maneuvered through the long hours, zigzagging against head winds and finally brought his craft home without assistance.

CONSTRUCTION OF NEW STATE ROADS IN MANY PARTS OF STATE

Indianapolis, Ind., April 17—With the 1925 program well under way on several important state roads, highway officials and contractors are co-operating to make overland traffic in Indiana just as easy as possible for the motoring public by plainly marking necessary detours, it was pointed out today by John D. Williams, director, in the commission's traffic bulletin.

Since the traffic report of last week detours have gone into force on Roads No. 2, 7, 13, 37 and 42, and a detour lifted off No. 22 (Bluff Road) between Indianapolis and Martinsville. The new detours are caused by construction and with one exception, namely on No. 7 just east of Wabash, where the township is paving through the town of Lagro, is account of state work.

Highway officials will have contracted the major part of this year's construction work by the last of this month, and with more than half of the projects under contract at this time, actual construction has started in many parts of the state. Officials are urging contractors to expedite paving projects in order that the public be inconvenienced as little as possible by the necessary routing over detours. They point out that traffic is increasing annually and it is vitally necessary the major traffic lines be kept open. A detour was marked Wednesday between Anderson and Muncie while the department is paving No. 37 between these cities. Surface conditions, detours, etc. for the week of April 18-24 are set forth in the bulletin as follows:

No. 1—Pavement from Franklin via Indianapolis to Peru. Drive carefully at new bridge fill 7 miles north of Kokomo. At Seymour turn right at corner of Tipton and O'Brien streets following marked detour via Chestnut Ridge to No. 1 a 7 miles north of Crothersville. Parts of detour are rough. Closed from Scottsburg to 5.4 miles south of Crothersville account construction. Take marked detour to left at 6.4 miles south of Crothersville to 1 mile east of Scottsburg, thence on No. 40 to No. 1.

No. 2—Pavement from Lincoln Highway west to 2 1/2 miles east of Columbia City; thence over marked detour to Columbia City. There take old location west to Piercetown, thence north to new pavement into Warsaw. Closed at 2 1/2 miles west of Lincoln Highway account bridge construction. Good detour marked.

No. 4—One mile of earth surface between Dugger and Linton, detour over county road through Dugger in wet weather. Detour for heavy traffic between Dugger and Sullivan account of dredge ditch cut across road. Light traffic can use run-around. Drive carefully past grading gangs between Haydon and North Vernon and just west of Aurora.

No. 5—Closed from junction of roads 5 and 41, south of Shoals, to junction of roads 5 and 40 near West Baden. Traffic use roads 41 and 22 through Shoals, Haron, Mitchell and Orleans to Paoli.

No. 6—Pavement from Indianapolis to Shelbyville with 13 mile detour around two bridge projects. Shelbyville-Indianapolis traffic can route via county road at Shelbyville to Fountaintown, thence to Indianapolis on 39. Drive carefully past culvert construction north of Osgood. Use pavement from Indianapolis to 6 miles north of Lebanon, thence use marked detour to west via Thornton returning to pavement about 4 miles north of Thornton. Another short detour one mile farther north now passable.

No. 7—Run-around at bridge out 3 miles east of Wabash. Closed through Lagro account of township paving. East bound traffic take marked detour out of Wabash starting on East street.

No. 10—Traffic detour and use old road and bridge over Patoka river at Patoka. (New bridge completed about June first.) Closed at 4 miles north of Veedersburg account paving; detour to east returning to No. 10 at 7 miles south of Attica.

No. 11—Roadside run-around at bridge out 2 1/2 miles north of State Road 46.

No. 13—Closed for 1 mile just north of Newcastle and just south of Mt. Summit account construction. Detours marked. Run-around just south of Hartford City; just south of Bluffton and at bridge south of Ossian. Road closed from north end of brick pavement north of Bluffton for 2 1/2 miles account construction. Good detour marked.

No. 14—Earth road from Leopold Junction to St. Croix, impassable at this time.

No. 15—Soft and unsuited for heavy traffic in vicinity of Burlington during rainy weather. Rough for considerable distance between Indianapolis and Logansport.

No. 16—Do not use this road from overhead crossing project just west of Lincoln City east through Lincoln City, St. Meinrad and St. Croix to Leavenworth as it is under construction and earth surface most of the way. Look out for blasting between Wyandotte Cave and White Cloud.

No. 17—Two run-arounds between Ligonier and Kendallville, account bridge construction.

No. 19—Small breaks near Alexandria but passable. Soft in wet weather.

No. 21—Drive with care. Look out for grading force, Chester to 2 miles north of Fountain City.

No. 22—Pavement between Indianapolis and Martinsville with one bridge run-around. Between Paoli and English are 17 miles of earth surface bad for autos in wet weather. Avoid south of Grantsburg account construction. Drive carefully past grading gangs between Bloomington and Martinsville.

No. 24—New grade completed between Palmyra and Salem but go via Fredericksburg or Martinsburg in wet weather. (New Albany and Louisville (Ky) traffic go via Pekin and Martinsburg in wet weather coming out on Rd. 5 at Greenville.)

No. 25—Pavement from Lagrange to within 1 mile of Goshen-Middlebury road. One-half mile detour marked to south account bridge construction. Detour in poor shape in wet weather. Heavy traffic should avoid this stretch. Run-arounds at bridge projects 8 and 9 miles east of Angulo. Traffic proceed slowly.

No. 28—Ferry across White river and two miles earth road across White river bottoms near Roger's Station.

No. 32—Run-around at bridge construction south of Romney. Look out for grading gang just north of Bloomington.

No. 33—Side detour at bridge construction 5 miles east of Crawfordsville. Detour 2 miles west of Crawfordsville account bridge wash-out.

No. 34—Drive carefully over narrow road caused by bridge construction at 5 1/2 miles south of Connersville.

No. 37—Closed between Anderson and Muncie for paving; detour marked.

No. 39—Drive with care, lookout for grading force between Julietta and Hawthorne, all in Marion county.

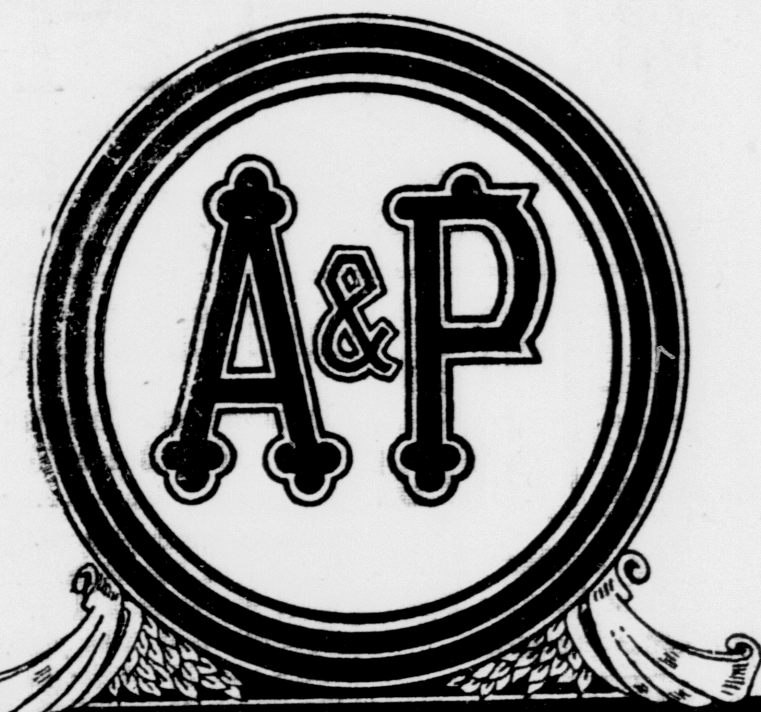

No. 40—Two mile detour starting at 6 miles east of Scottsburg account of overhead construction at B. & O. railroad is poor. Drive carefully past grading gangs between Rising Sun and Aurora.

No. 41—Traffic use new grade over Willow Valley Hill except in wet weather, then use old road.

No. 42—Detour at 3 miles north-east of Valparaiso for bridge relocation; detour marked.

No. 50—Surface breaks near North Judson, Bass Lake, San Perre and Culver.

ONE GATEWAY FOR FLOW OF LIQUOR IS CLOSED UP

Shooting of New York State Officer Discloses Bootlegger's Warehouse of Large Proportions

New York, April 17.—One gateway through which millions of dollars worth of liquor flowed into New York has been padlocked by the prohibition authorities.

As a result, two of four big bootlegging rings directing smuggling here are reported to have been hit and they are ready to cash in and quit. A sharp rise in the price of bootleg liquor in May is anticipated by the furtive-eyed salesmen who flit about this city with gurgling dispatch cases.

The blow which struck at the very heart of current bootlegging operations in these parts fell as a result of the shooting of one William Delmadge, a probationary state trooper. Delmadge, injudiciously, tried some amateur "hijacking."

The shooting, accomplished by guerrillas of the wet army, exposed a bootlegger's warehouse in which were stored wines and liquors valued at more than a quarter of a million dollars. Moreover, it disclosed a situation in which state troopers are said to have been receiving bribes.

SHOW INTEREST IN BUILDING PROJECT

Continued from Page One

contractors. Bankers expressed a willingness to offer loans to responsible persons.

Lumber men stated that there was an erroneous report that the price of building material was excessive, and they stated that reports that it cost \$1,000 a room to build a home was exaggerated. Such homes at \$1,000 a room, includes about the highest price with all the "frills", and they asserted that good rental houses, five rooms, bath and basement can be built for \$3,500.

With this report made, it was very encouraging, because many people can afford to build houses of this type on lots which they may own, and with a demand for such houses, the rentals can be figured to bring a good return on the principal invested.

A committee is expected to be organized at once and a canvass taken of owners of vacant lots in an effort to interest them in building homes. It was pointed out at the meeting that it is urgent that if Rushville is to reap the benefit from the new industries, that houses must be built at once, and homes provided for the newcomers.

Mothers' Day

Sunday, May 10, is Mothers' Day.
It is her day—when the nation bows
in humility, showing reverence for
the composite Mother, who is typi-
cal of all that is good and whole-
some and sympathetic.

Public recognition of the debt due
mothers, that has been growing an-
nually, is a splendid testimonial to
human character, and a refutation
of the common charge that people
are mercenary.

A deep and abiding sentiment in-
spired the idea of Mothers' Day and
has fostered it and caused it to be-
come more generally recognized
each year.

Mother is a word expressive of
tenderness and kindly sympathy.
She exemplifies the spirit of service
and self-sacrificing love—a practi-
cal sort of love that shows itself by
giving all that it has.

It is the spirit of sympathy, ap-
preciation and practicality that
makes mother unspeakably precious
and has won for her the expression
of gratitude from a thankful people
once each year.

The same measuring stick can not
be applied to all mothers. They dif-
fer just as all human beings differ,
but they fulfill their obligations of
motherhood according to their
knowledge and understanding.

There are some who are con-
cerned about the future motherhood
—whether the present tendencies
that detract from the home will
lower the standards of motherhood.

Of Interest to Women

Many years ago Mrs. Lydia E.
Pinkham, of Lynn, Mass., originat-
ed her now famous Vegetable Com-
pound for women, by steeping roots
and herbs on her kitchen stove. The
fame of its success for overcoming
some of the most stubborn ailments
of women spread far and wide until
today the Lydia E. Pinkham Medi-
cine Co., of Lynn, Mass., is said to
be the largest user of roots and
herbs in the world. It operates a
large laboratory at Lynn, Mass.,
others at Coburg, Canada; Mexico
City, Mexico; Barcelona, Spain, and
Paris, France.

They need not be alarmed.

Mother will ever be mother, for
her instincts are as old as the first
mother, were she living, and as
deeply imbedded as a part of her
character. Mothers of today have
as great concern for the welfare of
their children as mothers ever did,
but mothers change with the chang-
ing times, and their conduct as mo-
thers can't be judged by the same
standards as a few decades ago.

Here's Where We Clean Up

Clean-up time is no longer some-
thing distant and apart. Its remote-
ness has been removed and we in
Rushville are now face to face with
the question of cleaning up or re-
maining unclean for another year.

This is all because Mayor Thom-
as has proclaimed next week as
clean-up week. To those who show
themselves clean will come the re-
wards. The city wagons will haul
away the winter's collection of rub-
bish and cast-off things, providing
householders comply with the rules
of the game.

It is necessary to have everything
undesirable in containers in the
alleys so that city employees may
gather them up without undue waste
of time. There are two exceptions—
limbs of trees and ashes. These the
householders will have to remove
themselves.

On account of the favorable
spring, the majority of premises
have been cleaned already and most
people are ready for the clean-up
wagons. Those who are not may
take this as a warning to get ready.

Stewart's Washington Letter

BY CHARLES P. STEWART
NEA Service Writer

WASHINGTON—This is sup-
posed to be a quiet place
when Congress isn't in ses-
sion. The truth is that more con-
spicuous goes on at the national
capital when the bulk of the law-
makers are scattered over the face
of the country than when they
are on the job, talking themselves
black in the face and occasionally
passing a bill appropriating money,
creating a fresh political snap, or
prohibiting something it always
was all right to do before.

What Congress does, when in
session, is to carry out the plans
framed up by a few leaders during

recess periods, when they have
plenty of time to sit down quietly
and think and chat—to speechify
—about the things they'd like to
put through.

So, recess-time though this is,
there's a continual dropping in
and whispering and scattering and
getting together again of this lit-
tle group or that. These meetings
are important, too. They don't at-
tract much attention just now, but
their results will, when Congress
reconvenes in December, or some-
what sooner, if an extra session is
called.

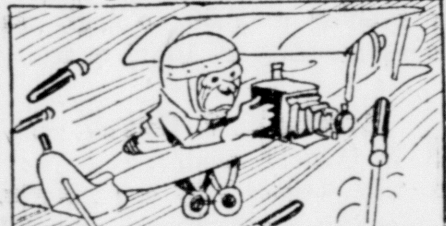

THE War and Navy Depart-
ments are planning more se-
crecy for future arms, ord-
nance, aviation and other military
tests. The proposed ban would
deny publicity, except as officially
authorized, to any such demon-
strations as the sinking of the
battleship Washington, the more
recent anti-aircraft gunnery trials
at Fortress Monroe, or the earlier
bombing of the condemned Ger-
man war vessels, concerning
which so much was said in con-
nection with the Mitchell controversy.
Publication of details or photo-
graphs other than those given
out by the departments them-
selves will be prohibited, if offi-
cials have their way.

THE trouble with this program
is, how is it to be made effec-
tive without the co-operation

of the press—which isn't all of
it likely to be willing to co-operate.
In war-time it could be done, of
course. Even in peace-time it can
be done in some old world coun-
tries, where militarism has a tight-
er grip than here. But in the
United States, except when war is
on, if the newspapers can get de-
tails and pictures, unless new laws
are passed, no means exists of pre-
venting their publication. And a
battleship, for instance, can't very
well be bombed in an enclosed
space, from which reporters and
photographers can be excluded.

THIS question came up in con-
nection with the sinking of
the Washington. It was go-
ing to be secret, Commander Hal-
sey Powell of "navy press rela-
tions" announced.

"Suppose," suggested one of the
newspaper men, "a press photog-
rapher goes up in a private plane

and takes his own picture. Would
you shoot him down?"

"Oh, my no," Commander
Powell exclaimed. "We couldn't
do that."

"Then how'd you stop him?"
"I never thought of that,"
the commander confessed. "I'm
blessed if I know."

ANYBODY who thinks, just
because he's economical, that
President Coolidge is shabby,
too, makes a big mistake. He's
one of the best dressed men in
Washington. Beginning at the
top and working down, he has a
spike-tail evening suit, a tuxedo,
a Prince Albert and a cutaway
with two pairs of pearl-gray pants,
a riding suit, a knicker outfit and
seven sack suits. Also many
hats, including a shiny plug. Also
numerous kinds of shoes and a
pair of spats. And the president
never appears otherwise than im-
maculately brushed and creased.
His suits cost, on an average,
\$125 apiece.

FOR FIRST DEGREE MURDER

Woman Will be Indicted Following
Slaying of Her Husband

Kokomo, Ind., April 17—An in-
dictment for first degree murder was
to be asked for Ethel Dombroski
today who shot and killed her hus-
band, Stanley Dombroski.

She shot him as he was returning
home yesterday for his suit-
case following a quarrel between the
couple which resulted in his arrest
on an assault and battery charge.
Dombroski died a few hours after
the shot was fired.

He leaves three small children by

Boils!

S.S.S. will rid you of boils, pimples,
blackheads and skin eruptions!

DON'T CLOSE your eyes to the
warning which Nature gives when
angry, painful boils appear on your
neck, face or other parts of your
body. Boils, pimples and so-called
skin disorders are the result of an
impooverished condition of the blood
and are not to be trifled with.

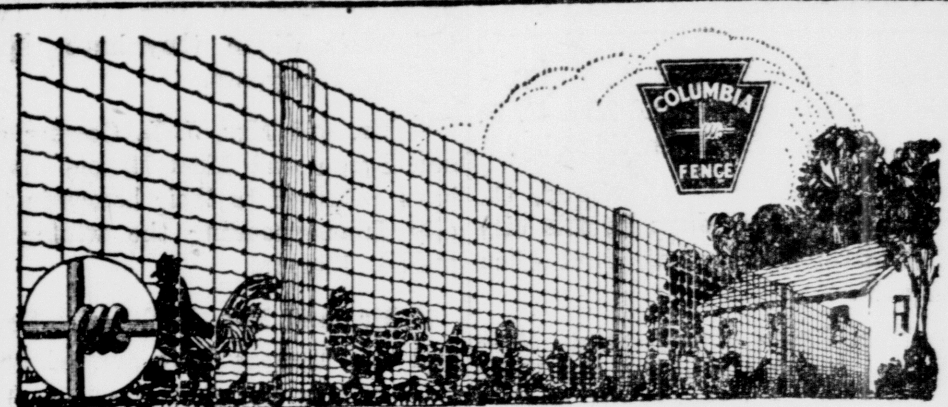

It is nothing more than folly to ex-
pect to get absolute relief from the
use of local treatments, such as oin-
ments, salves, etc. Such remedies may
afford temporary relief but you want
more than relief; you want a remedy
which will rid you forever of the tor-
turing disorder. And the one remedy
which has no equal is S.S.S.

S.S.S. stops boils and keeps them
from coming. S.S.S. builds blood-
power! That is what makes fighting
blood. Fighting blood destroys im-
purities. It fights boils! It fights skin
eruptions—pimples, blackheads, ec-
zema! It always wins! S.S.S. has
been known since 1826 as one of the
greatest blood builders, blood cleans-
ers and system strengtheners ever
produced. There are no unproven
theories about S.S.S., the scientific
results of each of its purely vege-
table medicinal ingredients are ad-
mitted by authorities. Begin taking
S.S.S. today and clear your skin of
those blood disorders!

S.S.S. is sold at all good drug
stores in two sizes. The larger size
is more economical.

YANKEES MUST GET ON TOES TO WIN

Prospect For New York Winning American League Pennant This Year Not So Good

TEAM IS TOO EASY GOING

Thursday's Game Good Example When Senators Win Game in 9th, Overcoming 3-Run Lead

By HENRY L. FARRELL

New York, April 17.—New York will not win the American League pennant this year unless the Yankees get on their toes for the rest of the season.

The easy going spirit of the Yankees rather than any particular weakness in mechanical equipment is the load that seems to be the handicap of the Huggins team. It lost the pennant for them last year and it certainly can't have any other effect this season.

The difference between a championship team as is represented in the Washington Senators and the Yankees was shown yesterday. The Yankees went into the ninth inning with a 5 to 2 lead over the champions. The players started to collect their bats and moved near the exit from the bench. But in ten minutes the game had been blown right out from under them. The Senators pulled a spirited rally, scored five runs and won the ball game.

The Yankees seem to have everything but that stuff of which a real champion is made. They take too much for granted. They still think, apparently, that they are the best team in the American League and that the Senators are only lucky.

The Yankees are a stronger team on the field than they were last year. The addition of Urban Shocker, Earl Combs and Steve O'Neill has strengthened the team on the offense and particularly on the defense.

Steve O'Neill, who was tossed aside as being through by the Red Sox and who was picked up by the Yankees only because he knew how to handle a spit-ball pitcher, seems to have put a new dash in the club and he is playing the game that made him the best catcher in the league when he was with the Cleveland Indians.

Earl Combs has added a punch on the offense and he has strengthened a defensive weakness that the club had in centerfield last season.

Shocker, of course, has strengthened the pitching staff as he is one of the best pitchers in the league. It is true, that he was knocked all over the lot when he relieved Waite Hoyt yesterday but he went into the box "cold" and it was not exactly his fault that he could not stop the rally.

AN EXHILARATING EFFECT

A bottle of Herbine on the shelf at home is like having a doctor in the house all the time. It gives instant relief when the digestion gets out of order or the bowels fail to act. One or two doses is all that is necessary to start things moving and restore that fine feeling of exhilaration and buoyancy of spirits which belongs only to perfect health. Price 60c. Sold by

Fine Boxers in Army and Navy

By HENRY L. FARRELL
(United Press Sports Editor)

New York, April 17.—Some of these days the United States army may start a recruiting slogan—"Join the army and win a championship." There are two out and out products of the service now holding boxing titles and there are several others among the first-class fighters.

Gene Tunney, the American light heavyweight champion, is the most conspicuous graduate of the military boxing school. Tunney was a bookkeeper when he enlisted early in the war and he had never used a boxing glove until he put on the uniform. He admits that he took up boxing because he hated that part of the compulsory athletic training less than the other forms of exercise that were prescribed to build up the body.

Tunney found he had some natural talent and the physical equipment and he successively became company, regimental, brigade and division champion and then won the light heavyweight championship of the A. E. F.

Bob Martin was the most advertised of the army fighters. He never held a world's championship or an American title as they are generally accepted, but he might have if he had taken the proper care of himself. Like Tunney, Martin learned to box in the service and he became the heavyweight champion of the Allied armies, a title that might have been a world's championship if so many of the real professional

fighters had not found reasons to stay out of the service.

Mike Ballerino, who learned to box with the army in the Philippines won the junior lightweight championship recently from Kid Sullivan. The junior lightweight championship may be regarded as a trick title, but it signifies at least that the holder is the best 130-pound fighter in the country.

Bobby Garcia, a featherweight from Camp Holabird, is another good product of the army fighting school. He is one of the best fighters in the division and was one of those selected by the New York Boxing Commission to compete in the tournament that was organized to find a champion when Johnny Dundee resigned.

Eddie Buranbrook, a welterweight from the same camp, was one of the best prospects in the class several years ago, but very little has been heard from him lately.

Midget Smith, another army product was one of the best bantamweights in the country several years ago. He had a couple of fights with Joe Lynch that the fans are still talking about. If he had taken the proper care of himself, he might have won the championship because there is practically no class in the division now, as was shown when the title changed hands four times in one year.

The Navy is also coming to the front in the production of fine boxers. The sport is exceptionally well organized in the navy and it is given the greatest encouragement from the department and the high ranking line officers.

KEEPING ONE EYE ON THE SCORE BOARD

Yesterday's Hero: Eddie Romand held the Red Sox scoreless after the first inning and hit a homer with two runners on bases, help the Athletics win their third straight game, 7 to 3.

Hard hitting off four Brooklyn pitchers enabled the Phils to win their first game of the season 8 to 1.

Three runs scored in the ninth inning with two down gave the White Sox a 4 to 2 victory over the Tigers.

"Goose" Goslin accounted for four runs with two homers and helped the Senators beat the Yankees 7 to 5. Washington scored five runs in the 9th inning, Goslin and Judge hitting successive homers off Urban Shocker.

Charley Hartnett hit two homers and helped the Cubs beat the Pirates, 8 to 3.

Cincinnati took possession of first place in the National League by winning the third straight game from the Cards 7 to 3. Rixey allowed only two hits after the second inning.

With a barrage in the ninth inning that blasted McNamara out of the box, the Giants beat the Braves, 8 to 1.

Two runs scored by Glenn Myatt, star catcher, enabled Cleveland to beat the Browns, 2 to 1. Myatt's homer in the ninth clinched the game.

Chicago—The Canadian soccer club, western champions, left today for Riverton, R. I. to meet the Shawheen, Mass., soccer team Sunday for the national championship.

Tigers' Pilot

This is Capt. Dyer, bow on the Princeton crew this season. He expects to pilot the Tigers to a most successful campaign on the briny deep. The material at hand is said to be the best in years.

FIGHTS AND FIGHTERS

New York—Sammy Mandell and Sid Terras, leading contenders for the world's lightweight championship, may be matched to meet at the new Coney Island stadium on May 26, the club announced. Terras has accepted terms and a reply is being awaited from Mandell.

Hartford, Conn.—Rocky Smith, Battle Creek, won a 12 round decision from Bob Lowrie, Boston. Tony Travers, New Haven featherweight won a six round decision from Earl Baird, California.

Urban, Ill.—Sailor Larson won a decision over Joe Skully in 10 rounds here last night.

SPORT CHATTER

Chicago—Some of the country's greatest runners will compete here tonight at the annual bankers' meet. Stars include Joie Ray, Willie Ritola, Roy Hahne, Ray Dodge and Ray Watson.

Philadelphia — "Wayne never would have lost the wrestling championship if he had listened to me," Mrs. Munn said last night. "He has a raging fever and I wanted him to call off the match with Zbyszko but he wouldn't do it," Munn said—all he wanted was a return match with the champion.

Miss Hettie Retherford delightfully entertained the members of her card club Thursday evening at her home in North Main street. Refreshments were served after the card games.

The Loyal Daughters Class of the Main Street Christian church was delightfully entertained Wednesday evening at the home of Mrs. Lowell Gartin in North Main street. She was ably assisted by Mrs. Esta Webb and Mrs. Earl Harton. After the devotional meeting a business meeting was held, at which time it was decided that the class would take charge of the program at the Sunday school Sunday morning and want fifty in attendance at that time. Mrs. Marie Offutt sang a beautiful solo and Mrs. Curt Hester gave a reading. There were twenty-eight members and guests in attendance. A delicious luncheon was served following the meeting.

Mrs. Loren Martin, Mrs. Neff Ashworth, Mrs. Paul Newhouse, Mrs. Earl Moore, Mrs. Walter Hubbard, Mrs. Hale Pearsey and Mrs. Donald D. Ball went to Indianapolis this morning to attend the biennial convention of the sorority at the Claypool Hotel. Mrs. Ball is the delegate from the local chapter and will take part in the business transacted during the two day meeting.

The opening session of the convention began this afternoon at one o'clock and late this afternoon the delegates were taken on a visit to the Riley Memorial hospital. The annual dinner and dance will be held this evening and the Saturday meeting will be taken up with business matters.

Each club in this county affiliated with the Clubs Federation, is urged to send two delegates to the sixth district convention to be held in Connersville Monday and Tuesday of next week. The convention will be held in the First Methodist church in that city and a splendid program has been arranged for the two days meeting.

On Monday evening a banquet will be the feature entertainment and all who are planning on attending are requested to make reservations. Following the banquet Mrs. Edward Franklin White, vice president of the General Federation of Clubs, of Indianapolis, will speak. Other speakers are on the program, who promise to give splendid talks.

Mr. and Mrs. Walter Thomas, Mrs. M. V. Spivey, Mrs. John Boyd, Mrs. C. E. Liddle, Mrs. Asa Green, Mrs. John Spencer and daughter.

Grace, Mrs. J. Q. Thomas, Mrs. Mary Holmes, Mrs. J. T. Arbuckle and Mrs. John Morris, members of the Woman's Missionary of the First Presbyterian church of this city, motored to Lewisville, Ind., Thursday and attended the meeting of the Woman's Presbyterian Society of the Whitewater Presbytery.

The speakers on the program were Miss Mary Rankin a representative of the home board, who has her work in Varda, Tennessee; and Hugh Taylor, of the foreign board, whose work is in Siam. Both talks were splendid and were enjoyed by the local members in attendance. Mrs. Boyd and Mrs. Liddle were the delegates from the local society and they remained for today's meeting.

BEGINS TO WEAVE WEB OF EVIDENCE ABOUT WHEELER

Government Introduces First Evidence to Connect Senator With Oil Permit Matters

MISUSE OF OFFICE ALLEGED

Great Falls, Mont., April 17—The government began to weave its web of evidence today connecting Senator Barton K. Wheeler with oil permit matters of his client, Bert Campbell, Montana oil man.

R. A. Bennett, attache of the general land office, was the first witness called in the trial of Senator Wheeler for alleged misuse of his office.

John J. Slattery, chief prosecutor, announced he would base his case upon testimony of an unnamed Washington lawyer who would say that Wheeler urged him to enter a plot—fifty-fifty—whereby they would split the earnings of their prospective client, Gordon Campbell, Montana oil operator, in a shady oil deal.

Slattery is banking upon testimony of Peter Nyce, a capital attorney, according to information given the United Press. Only two Washington attorneys have been summoned by the prosecution and the other one is A. H. Farr, who disclaims any knowledge of such a deal.

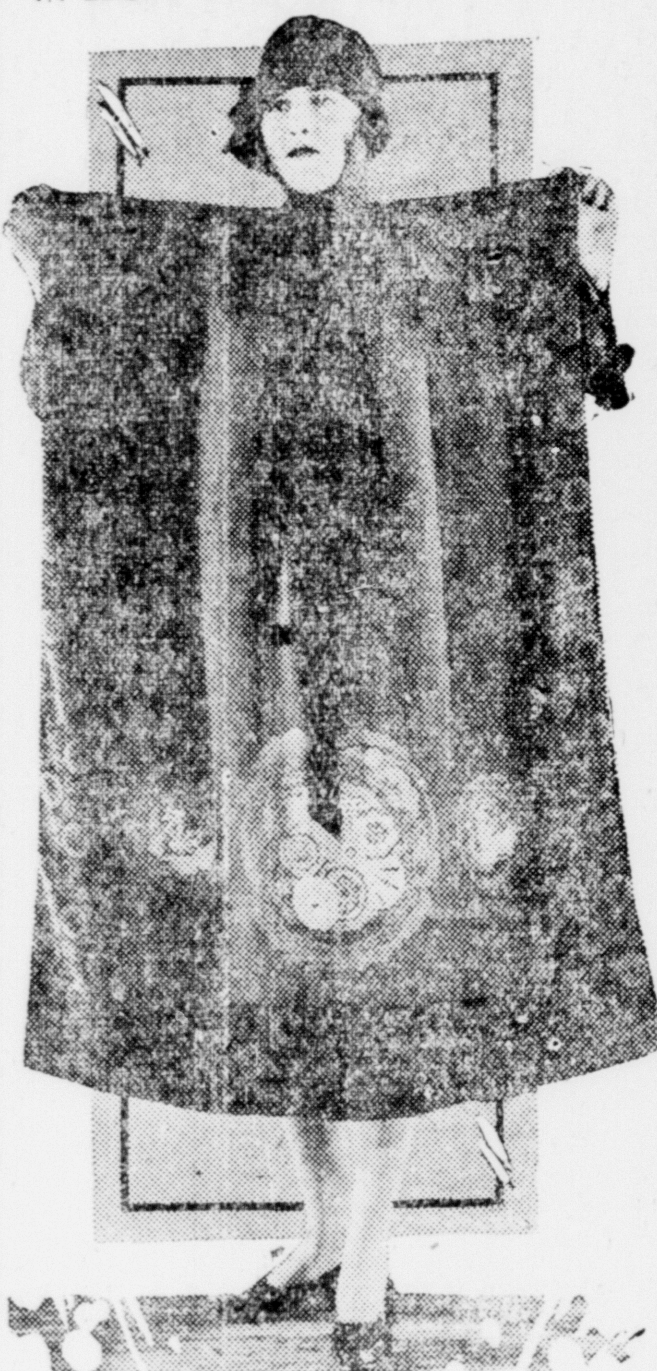

None of this evidence was produced to the Borah committee in the senate which probed Wheeler's conduct in connection with Campbell oil permits and judged him not guilty, it was said.

Nyce is a law partner of George F. Chamberlain, former senator from Oregon. The latter acted as counsel for Harry M. Daugherty, former attorney general, when he was under investigation by the senate committee of which Senator Wheeler was a member. Nyce is understood to be on his way to Great Falls from Washington.

Identity of the mysterious witness has caused sensation here since Slattery first revealed his program to the jury in his opening statement.

WIDOW CHEERFUL AFTER NIGHT OF NORMAL SLEEP

Mrs. Anna Cunningham of Gary Awaits Next Step By State in "Poison Murder Case"

MAY BE ARRAIGNED SOON

(By United Press)

Gary, Ind., April 17—Cheerful after a night of normal sleep, Mrs. Anna Cunningham, 50, "poison widow" of Gary, today awaited the next step by the state.

State's Attorney A. A. Brenner said today he would probably arraign Mrs. Cunningham tomorrow on the charge of murder. Mrs. Cunningham has confessed to poisoning four of her children. Three of them died.

In addition police are trying to determine whether her husband and another child who died under mysterious circumstances also were poison victims.

The vital organs of Walter and Harry Cunningham, two of the victims, are under examination by chemists of Purdue University and Chicago. Preliminary reports were that Walter's organs showed large quantities of arsenic. There are very small traces of poison in Harry's organs, giving some credence to Mrs. Cunningham's story that he died a natural death.

Mrs. Cunningham ate a hearty breakfast this morning. She is under medical observation for fear she would suffer another collapse. Relatives say she is an epileptic.

Admits Poisoning

Mrs. David Cunningham of Gary, Ind., has confessed to giving poison to four of her children, three of whom are dead, and the fourth, a son, David, is seriously ill. She is believed to be insane because of grief caused by the accidental shooting of a neighbor boy by her son, Charles.

INCENDIARY FIRE DID HEAVY DAMAGE

Continued from Page One holtzer, who died from poison taken after the alleged attack, were held yesterday afternoon.

The Stephenson and Oberholtzer homes are in the same neighborhood.

Parents of the dead girl were expected to testify today at the inquest into her death. Upon completion of the inquest, Prosecutor Remy will determine whether he will seek a murder indictment against Stephenson.

The Stephenson house was under guard by a man who said he was a special police officer sent there by Stephenson's attorney to permit no one to enter without authority and to prohibit photographs of the premises being taken.

The house has about twenty rooms. On the third floor was a large room that had apparently been used as a meeting place by Stephenson. Poker chips were scattered about the floor of the room.

In a closet in the house many boxes of regalia made from fine materials were found. The head gears bore red eagles and the initials "K. L."

A large card index system of cards signed for the "Jackson for Governor" club was found by police.

NOBODY LOVES YOU

It is impossible to get anywhere if you are a crab. Nobody loves you. To be successful you must have a kindly, lovable disposition. You can not have this with an unhealthy liver and stomach. They don't go together. Mayr's Wonderful Remedy has given complete and permanent results in thousands of such cases. Our advice to everyone troubled in this way, especially when accompanied with bloating in the stomach, is to try this remedy. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. A hardware store has always been thought of as more of a men's store, where men would buy their Tools, Nails, Hoes, Rakes, Shovels, and a general line of Hardware. But the times have changed. So now we have changed our store, and given the entire first floor space for the benefit of the women. We have a complete line of Household Goods, not all on the first floor, but all we could put there. Our Stove Department is on the third floor. Washing Machines, Clothes Baskets, Ironing Boards and that class of goods are on the second floor. We want the women to feel that this is also their store for quality goods.

ORDINANCE NO. 406

An Ordinance to Regulate the Business of Itinerant Merchants and Solicitors.

Be it ordained by the Common Council of the City of Rushville, Indiana:—

Section 1. That it shall be unlawful for any person, firm or corporation to engage in the business of Itinerant Merchant or in the business of Solicitor, as defined by this ordinance, within the City of Rushville, Indiana until the provisions of this ordinance have been complied with.

Section 2. That the term "Itinerant Merchant" is hereby defined to be any transient person who shall engage temporarily in making or selling of any kind of goods, wares or merchandise, including the making and selling of photographs, within said City of Rushville, regardless of whether such goods, wares or merchandise are peddled from house to house, sold on the streets or other public places, or sold from any room, building, structure or lot rented or leased for the purpose of carrying on such business.

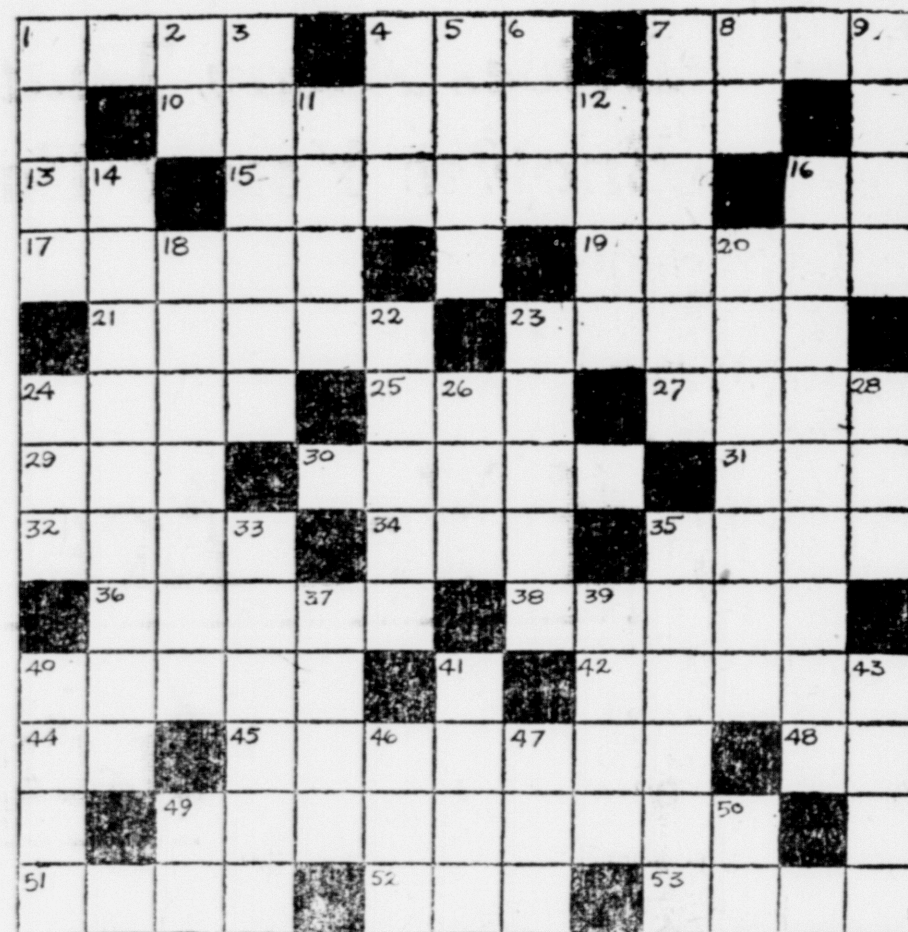

Section 3—A "Solicitor" is hereby defined to be any person who goes from house to house or from place to place in the said City of Rushville, selling or taking orders for, or offering to sell or take orders for goods, wares or merchandise or any article for future delivery, provided, however, that this ordinance shall apply only to solicitors who demand, accept or receive payment or a deposit of money in advance of final delivery.

Section 4. That the provisions of this ordinance shall not apply to sales to dealers by commercial travelers, nor to sales by producers of farm or dairy products.

Section 5. That any person, firm or corporation desiring to engage in the business of Itinerant Merchant, as herein defined, within said city, shall make an application in writing to the Clerk of said City for a license so to do, which application shall be filed with said Clerk at least seven days before such applicant shall be authorized to begin such business. Such application shall state the name and residence of the applicant, the place where such business is to be conducted, the kind of goods to be sold and length of time for which license is desired. Such application shall be accompanied by a bond in the penal sum of \$500.00 executed by a surety company or two responsible free holders residing within the City of Rushville (or in lieu thereof a cash bond of equal amount) conditioned that all goods, wares, merchandise or articles sold by such applicant will be as represented by him and that he will refund the purchase price of any goods, wares, merchandise or articles sold by him which are not as represented. Any person aggrieved by the action of any such Itinerant Merchant shall have a right of action on the bond for the recovery of money or damages or both. In the event a cash bond is deposited, the same shall be retained by said City for 90 days after the expiration of any such license. Upon the filing of such application and bond, and the approval of such bond by the Clerk

Use Red Crown

**The High-Grade Gasoline
for Economy**

Red Crown is the thrifty man's gasoline because it burns clean—every drop is vaporized and converted into a steady, steam-engine-like drive of sustained pulling power.

Every gallon of Red Crown contains more miles, because of the unbroken flow of energy in its continuous chain of boiling point fractions—unbroken clear to the heavy ends—the power end of the chain.

Red Crown is a joy in action and a delight in economy—it saves miles; it saves repairs; it saves power; it saves your engine and avoids carburetor adjustments—because—Red Crown distribution is universal. You will find Red Crown everywhere and everywhere the same.

On your vacation trip you will find Red Crown service is ahead of you throughout the ten Middle Western states.

Saw Lincoln Shot

Sixty years ago, on the night of April 14, 1865, William H. Hershey, a soldier in the Union forces, witnessed the shooting of Abraham Lincoln in Ford's Theater in Washington. Hershey, now 85 years of age, lives at Dayton, Ind., and is one of the few survivors of the theater audience which witnessed the assassination.

Tom Mix Picture, Castle

"The Deadwood Coach," which was completed recently at the Fox West Coast Studios, is the greatest Western picture in which Tom Mix has ever been starred, according to officials of Fox Film Corporation who have viewed this production.

Lynn Reynolds directed the picture and also wrote the scenario. One of the best supporting casts Mix has ever had includes the following well-known screen players: Doris May, George Bancroft, DeWitt Jennings, Buster Gardner, Lucien Littlefield, Norma Wills, Nora Cecil, Sid Jordan, Frank Wills, Nora Cecil, Keekley and Ernest Butterworth.

The story of "The Deadwood Coach" concerns "The Orphan," a reckless outlaw who is feared throughout the West, but who, in reality, is the enemy of only one man. As a boy, the outlaw witnessed the murder of his father by an outlaw named Tex Wilson, and "The Orphan," dedicated his life to vengeance.

Rin-Tin-Tin at Princess

A photoplay featuring a canine star is to be presented at the Princess today and Saturday. The picture is "Find Your Man." The dog hero is Rin-Tin-Tin, star of "Where the North Begins."

Most of the action centers around this famous Police Dog whose athletic stunts will surprise you. His education began on the firing line in France where he learned to face shot and shell without flinching, and was continued in California under the direction of Lee Duncan. He has won many championships in running and jumping.

The story is laid in Timber Center, Gregory Mills and Martin Dains, lumberjacks, persuade Paul Andrews sweetheart of Gregory's step-daughter, to float some logs down the river for them. Paul is not aware that he is an accomplice in a plot to steal Government timber. There is a murder for which Paul is arrested, a speedy escape from prison through the help of Paul's dog, Buddy, and then Buddy's remarkable rescue of Paul and his sweetheart from a plunge into the rapids.

SHOW INTEREST IN BUILDING PROJECT

Real Estate and Lumber Dealers, Contractors and Bankers Meet to Discuss Prospects

MORE HOMES IN PROSPECT

Plans are Being Formulated That Will Likely Result in Many Being Erected

Additional interest in the home building campaign for Rushville was taken Thursday afternoon at a meeting of real estate dealers, lumber men, building contractors and bankers, with the purpose being to stimulate plans for going forward with the erection of homes this summer.

The business firms represented were unanimous in their views concerning the bright prospects for the building of homes this summer, and although no definite plans of financing the work was reached, yet there are several things in view which will no doubt terminate in the way of aiding in the work.

It was pointed out that with the vast amount of construction work to be under way in Rushville this summer, including the building of two factories, erection of a high school gymnasium, building of a new parochial school, and possibly a community building, in addition to civic improvements such as water and sewer extensions, and private construction of homes, there will be need at once for additional homes.

Then after the completion of two factories this summer or early fall, there will be a big demand for more homes. The Tompkins-Endres furniture company will start operations with close to 100 men, and the Rushville Veneer Plant will start with 40 men. These men, it was pointed out, will be newcomers to Rushville, and in most cases, married men with families requiring homes.

Two plans are necessary to be worked out. Homes for rental purposes must be built, and then homes that can be built with a small down payment and the balance paid like rent to accommodate workmen who desire to buy homes and live in Rushville. With these facts presented to the gathering Thursday afternoon, steps will be taken within a few days to work out some plan by which homes can be built.

It was stated at the meeting that an organization is being formulated in Rushville to capitalize a company to furnish funds for those who wish to build their own homes. Lumber companies are investigating financing plans from outside firms that are interested in aiding developments of this nature.

A plan for persons who have lots and have funds with which to build homes, was made at the meeting and real estate agents were asked to list lots for sale. In turn contractors were asked to seek out clients for prospective work, and lumber dealers can figure with the Continued on Page Three

MRS. DAISY TEVIS DIES AT RUSHVILLE HOSPITAL

Wife of Clarence Tevis Had Undergone Successful Operation For Gall Stones

SEIZED WITH HEART SPASM

Mrs. Daisy Tevis, age 40, wife of Clarence Tevis, living near Moscow, died this morning at four o'clock of an acute heart spasm of 30 minutes duration. Her death proved a severe shock to the family and friends.

The deceased was brought to the Dr. Sexton hospital early in the week, suffering with gall stones, and on Wednesday she underwent a successful operation, and her condition was most encouraging, until this morning when the heart attack developed. She died before any members of her family could be summoned from Moscow.

Besides the husband, she is survived by three children, Mary Carroll and George, all living at home. The funeral arrangements were not completed today and will be announced later.

GIRL'S FATHER IS INQUEST WITNESS

George Oberholtzer Repeats Story of Alleged Attack Upon Miss Madge Oberholtzer

STEPHENSON'S WORD LAW

Told Father He Said Nothing Could be Done to Him—Marion County Grand Jury in Session

(By United Press)

Indianapolis, Ind., April 17—Speaking in a low trembling voice, George Oberholtzer, railway mail clerk, today told at the coroner's inquest of the tragedy that took his only daughter, Miss Madge Oberholtzer.

Miss Oberholtzer died from poison taken after an alleged attack for which D. C. Stephenson, former leader of the Indiana Ku Klux Klan is under indictment.

Oberholtzer repeated his daughter's story of being abducted by Stephenson from her home here on the night of March 16 and being assaulted on a train enroute to Hammond, Indiana, and later in a hotel at Hammond.

Oberholtzer said he was so broken up when his daughter was first returned home that he was allowed in her room only a few minutes at a time.

About a week later, he said, he went into the room during one of her periods of consciousness and she asked him to sit on the side of her bed and told him the whole story of the alleged kidnapping and attack.

She said she felt like she would die every minute of the trip back from Hammond by automobile after she had taken poison, Oberholtzer said. He testified that she begged Stephenson every few minutes to get a doctor for her, or to throw her out at the side of the road to let her die.

"Madge asked me if I thought they could send Stephenson to prison," Oberholtzer testified. "I told her I thought we could and she replied she thought it would have to be done by federal authorities. Madge told me Stephenson said to her nothing could be done to him because his word was law in Indiana."

Miss Beatrice Spradley, nurse who attended Miss Oberholtzer, described wounds on the girl's body, which were said to have been inflicted by Stephenson.

The mother of the girl is suffering from a nervous breakdown and was unable to testify at the inquest.

Oberholtzer said her story would be the same as his.

Testimony of the father concluded the inquest and the coroner's verdict is expected in a short time.

During his appearance at the inquest, Oberholtzer spoke in a low voice with his head bowed. His face showed deep lines of suffering.

The county grand jury was in session as the coroner's inquest was finished and court officials believe that an indictment charging Stephenson with murder for the death of Miss Oberholtzer, was in progress.

INDIANA STATE LIBRARY RE STRONG FOR THESE NEW STYLES

RUSH COUNTY RELIEF FUND IS NEARLY \$3000

Little Blue River Friends Church Makes Contribution—Letter From State Farm Bureau

CHECK FOR \$1,204.13 RECEIVED

Contributions of Rush county people for the assistance of tornado sufferers in Southern Indiana were close to \$3,000 today, with \$14.00 more being received by the Rush county chapter of the American Red Cross.

Of this total from the county, the township farm bureaus and the Rush County Farm Bureau gave \$1,204.13. The following letter was received today from P. H. Crane, secretary-treasurer of the Indiana Farm Bureau Federation, thanking Rush county farmers for their help:

We are in receipt of the check for \$1,204.13 from Rush county for the Indiana Farm Bureau Relief Fund for the tornado sufferers in southern Indiana.

We certainly wish to express our deep appreciation for the splendid work Rush County has done in this emergency. Our work is going on very nicely, but of course there is still a lot to be done. It is hard for those who have not seen it to realize the seriousness of the disaster in the tornado stricken territory.

Again thanking you for your contribution, and trusting you will extend our gratitude to the townships helping to make up this fund, we remain

Yours very truly,

LAYMEN IN FAVOR OF CHURCH UNION

Northern Indiana M. E. Conference Association Votes to Join North and South States

MINISTERS TO BALLOT

Their Vote is Also Expected to be Favorable to Union—Roy A. Haynes and Sen. Watson Speak

(By United Press)

Anderson, Ind., April 17—The Laymen's association of the northern Indiana conference of the M. E. church voted unanimously today in favor of merging the church of the northern and southern states, split since the civil war. Ministers of the conference will vote on the proposal late today or Saturday.

A favorable vote on the part of the laymen at the conference was indicated when the Laymen's Association passed a resolution endorsing the plan.

The ministerial vote is also expected to be for the union which will end the breach in the church organization created by the civil war.

Speaking before the conference yesterday, Roy A. Haynes, national prohibition director, declared that dry law violations will decrease as soon as public expresses itself more forcefully.

The public's own realization of its responsibility in enforcement of the dry laws will solve the prohibition question, Haynes said. His speech bristled with figures to prove the efficiency of the prohibition department.

Senator James E. Watson also addressed the conference.

The Laymen's Association elected the following district presidents: Fort Wayne district, L. M. Scott; Fort Wayne; Goshen District, D. C. Turner; Mishawaka; Logansport district, G. E. Beck; Kokomo; Anderson district, C. R. Neff; Anderson; Richmond district, H. L. Burr; Newcastle; Wabash district, A. H. Sapp, Huntington.

JAMES F. RONALD DIES

James F. Ronald, husband of Alma Mauzy, former Rushville girl, died at his home in San Francisco Wednesday evening, according to word received here today, and funeral services were to be held today. TRACT SOLD CHEAP, REALTY MEN ASSERT

Sale of Ferec Homestead Brings Out Fact That Other Small Tracts are Priced Higher

COMMENT OF REAL ESTATE MEN

The sale of a nine-acre tract of land, well improved with modern house and outbuildings, to James Waldeck, of Wayland, Ky., for \$8,500, brought to light the fact that this particular piece of real estate sold cheap compared with the prices that are being asked for similar tracts.

"I will give a \$50 bonus for every tract under ten acres in the same locality that I can sell at \$1,000 an acre," Jesse W. Guire said today, commenting on the sale to the Kentucky man. "The Lot Ferec homestead sold for less than the price at which it was originally listed."

It developed that the owner of a tract of 9 1/2 acres in Circleville recently refused \$10,000 for it, and there are smaller tracts at the edge of official bulletin was issued at the side, that have sold for more than \$1,000 an acre, counted on the acreage basis, it is stated by real estate dealers.

It was also said today that Mr. Waldeck had first considered living in Greensburg, but after looking over Rushville and its prospects for development, decided to make this city his home.

LIVED TOGETHER FOR 19 DAYS

Second Marriage is a Failure, Wife's Complaint Sets Forth

Carrie Fleehart has filed suit in circuit court for divorce from Fred Fleehart, charging that during their 19 days of married life he failed to work and provide and has left her here, while he has gone to Chicago to live.

The complaint alleges that they had been married before, and were granted a divorce in the court here in November, and remarried on March 11 of this year. After their second marriage, they again separated March 30. She charges that during their married life he was abusive, failed to support her and their child, and on the day of the separation, he left for Chicago, stating that he would not return.

INCENDIARY FIRE DID HEAVY DAMAGE

State Fire Marshal's Office Will Investigate Blaze at Home of D. C. Stephenson

DISCOVERED EARLY TODAY

Twenty-Nine Gallons of Mixture of Gasoline and Kerosene Found in The House

(By United Press)

Indianapolis, Ind., April 17—The state fire marshal's office was requested by police today to investigate the mysterious blaze which did heavy damage to the palatial home of D. C. Stephenson, former grand dragon of the Indiana Ku Klux Klan during the night.

John O'Brien, chief of the Indianapolis fire department, declared positively the blaze was of incendiary origin.

Twenty-nine gallons of a mixture of gasoline and kerosene were found in the house, O'Brien said, and gas jets in the house were open but not lighted when firemen arrived.

Stephenson, who is under indictment for the alleged kidnapping and assaulting of Miss Madge Oberholtzer, an Indianapolis girl, had not lived in the house for several weeks.

The blaze was discovered shortly after midnight by a woman living next door to the Stephenson home. She said several autos drove into the Stephenson yard earlier in the night and that a sharp explosion was heard just before the flames shot up in the dining room of the house.

Indications were that a six gallon can of the gasoline-kerosene mixture had exploded in the dining room, shooting flames all through the downstairs portion of the house, O'Brien said.

Several windows in the house were shattered by the blast. Firemen extinguished the blaze before it had gained great headway.

The Marion county grand jury was in session today and an indictment charging Stephenson with murder in connection with the death of Miss Oberholtzer was believed by court officials to be in prospect.

Prosecutor Remy and Charles Cox, former supreme court justice aiding in the prosecution of the case, held a long conference over evidence brought out at the coroner's inquest.

Both men refused to make a statement after the conference. Cox, however, was known to favor indictment of Stephenson for murder.

Several days before the death of Miss Oberholtzer he declared that Stephenson would be confronted with a murder charge when the girl died if "justice took its normal course."

Stephenson refused to make any statement concerning the fire, saying he was under high nervous tension and did not want to talk.

He said he first heard of the fire when Eph Imman, his attorney, phoned him at 2 a. m. Fred Butler, Stephenson's secretary, remarked that "it was another act for humanity's sake."

Stephenson was closeted in his office until 9:30 a. m., refusing to see callers. Then he left the office, accompanied by a state motor policeman.

Funeral services for Miss Oberholtzer will be held at 2 o'clock Saturday afternoon at the home of her father, Mr. Oberholtzer, 1000 N. 10th St.

VERSAILLES GIRL IS VICTOR HERE

Miss Mary Royse, Winner in Fourth District, Places First in Territorial Contest

GOES TO STATE ORATORICAL

Paul Blackburn of Shelbyville, Sixth District Representative, is Vanquished in Contest

Miss Mary Royse, Versailles high school student and representing the Fourth congressional district won the territorial oratorical contest held in this city Thursday night, winning 3 to 2 over her opponent, Paul Blackburn, of Shelbyville, representing the Sixth District.

By winning the territorial contest, Miss Royse will now enter the state contest on April 24. It was the fourth victory that she has won with her oration, having first survived the local contest at Versailles, then won the Ripley county contest, and then the Fourth district.

Both orators were good, and it was a hard thing for the judges to decide, although it did not require very long for a decision because of only two candidates, and only one ballot was necessary. The judges, five in number, after retiring to another room in the school building, figured up their points, and wrote the name of their choice for first place, which was voted secretly in a hat, and when counted, three had voted for Miss Royse and two for Mr. Blackburn.

The judges were equally divided as far as living in the two congressional districts, with two of them from the Fourth and two from the Sixth, and the fifth judge was from Marion county. The judges were Thomas E. Davidson, Greensburg; Donald DeShane, Columbus; Raymond Springer, Connersville; Will M. Sparks, Rushville and Pierre Goodrich of Indianapolis.

The two district chairmen, Mr. Richman of Columbus and Gath Freeman of Richmond were in charge of the meeting here, and Mr. Freeman made a few introductory remarks, and also introduced the speakers. The high school orchestra furnished a musical program preceding the speaking, and during the interval when the judges were reaching their decision.

Miss Royse was the first speaker. Her address on the constitution was clearly given, and forcefully impressive, bringing out her arguments in a good manner. Her facial expression was a characteristic which no doubt helped win the decision of the judges.

On the other hand, Mr. Blackburn had a better and deeper voice than his opponent, and his arguments also were well presented. His pronunciation at times was hard to thoroughly understand, but this did

RUN AWAY IN THE SKIES; RETURNS BASE SAFELY

Giant Dirigible R-33 Brought in by Officers After Perilous Night on North Sea

PRIDE IN SHIP VINDICATED

(By United Press)

London, April 17—A run away in the skies for more than 32 hours, the Giant British dirigible R-33 returned to its base at Pulham at 2 o'clock this afternoon.

The airship made better time than had been expected however, and at 1:08 p. m. was cheered by crowds as it passed slowly over Lowestoft, headed for its base.

The airship, which was torn from its mooring mast shortly before 6 a. m., Thursday, maneuvered slowly over its aerodrome under perfect control this afternoon after having spent a perilous night over the storm swept North Sea.

The pride of air services officers in their dirigible was vindicated when its commander, who was on board, with 19 men of the crew when the R-33 was swept away on a 50 mile gale, maneuvered through the long hours, zigzagging against head winds and finally brought his craft home without assistance.

**CONSTRUCTION OF NEW STATE
ROADS IN MANY PARTS OF STATE**

Indianapolis, Ind., April 17—With the 1925 program well under way on several important state roads, highway officials and contractors are co-operating to make overland traffic in Indiana just as easy as possible for the motoring public by plainly marking necessary detours, it was pointed out today by John D. Williams, director, in the commission's traffic bulletin.

Since the traffic report of last week detours have gone into force on Roads No. 2, 7, 13, 37 and 42, and a detour lifted off No. 22 (Bluff Road) between Indianapolis and Martinsville. The new detours are caused by construction and with one exception, namely on No. 7 just east of Wabash, where the township is paying through the town of Lagro, is account of state work.

Highway officials will have contracted the major part of this year's construction work by the last of this month, and with more than half of the projects under contract at this time, actual construction has started in many parts of the state. Officials are urging contractors to expedite paving projects in order that the public be inconvenienced as little as possible by the necessary routing over detours. They point out that traffic is increasing annually and it is vitally necessary the major traffic lines be kept open. A detour was marked Wednesday between Anderson and Muncie while the department is paving No. 37 between these cities.

Surface conditions, detours, etc. for the week of April 18-24 are set forth in the bulletin as follows:

No. 1—Pavement from Franklin via Indianapolis to Peru. Drive carefully at new bridge 7 miles north of Kokomo. At Seymour turn right at corner of Tipton and O'Brien streets following marked detour via Chestnut Ridge to No. 1. a 7-mile north of Crothersville. Parts of detour are rough. Closed from Scottsburg to 5.4 miles south of Crothersville account construction. Take marked detour to left at 6.4 miles south of Crothersville to 1 mile east of Scottsburg, thence on No. 40 to No. 1.

No. 2—Pavement from Lincoln Highway west to 2 1/2 miles east of Columbia City; thence over marked detour to Columbia City. There take old location west to Piercetown, thence north to new pavement into Warsaw. Closed at 2 1/2 miles west of Lincoln Highway account bridge construction. Good detour marked.

No. 4—One mile of earth surface between Dugger and Linton, detour over county road through Dugger in wet weather. Detour for heavy traffic between Dugger and Sullivan account of dredge ditch cut across road. Light traffic can use run-around. Drive carefully past grading gangs between Haydon and North Vernon and just west of Aurora.

No. 5—Closed from junction of roads 5 and 41, south of Shoals, to junction of roads 5 and 40 near West Baden. Traffic use roads 41 and 22 through Shoals, Huron, Mitchell and Orleans to Paoli.

No. 6—Pavement from Indianapolis to Shelbyville with 13 mile detour around two bridge projects. Shelbyville-Indianapolis traffic can route via county road at Shelbyville to Pointintown, thence to Indianapolis on 39. Drive carefully past culvert construction north of Osgood. Use pavement from Indianapolis to 6 miles north of Lebanon, thence use marked detour to west via Thornstown returning to pavement about 4 miles north of Thornstown. Another short detour one mile farther north now passable.

No. 7—Run-around at bridge out 3 miles east of Wabash. Closed through Lagro account of township paving. East bound traffic take marked detour out of Wabash starting on East street.

No. 10—Traffic detour and use old road and old bridge over Patoka river at Patoka. (New bridge completed about June first.) Closed at 4 miles north of Veederburg account paving; detour to east returning to No. 10 at 7 miles south of Attica.

No. 11—Roadside run-around at bridge out 2 1/2 miles north of State Road 46.

No. 13—Closed for 1 miles just north of Newcastle and just south of Mt. Summit account construction. Detours marked. Run-around just south of Hartford City; just south of Bluffton and at bridge south of Ossian. Road closed from north end of brick pavement north of Bluffton for 2 1/2 miles account construction. Good detour marked.

No. 14—Earth road from Leopold Junction to St. Croix, impassable at this time.

No. 15—Soft and unsuited for heavy traffic in vicinity of Burlington during rainy weather. Rough for considerable distance between Indianapolis and Logansport.

No. 16—Do not use this road from overhead crossing project just west of Lincoln City east through Lincoln City, St. Meinrad and St. Croix to Leavenworth as it is under construction and earth surface most of the way. Look out for blasting between Wyandotte Cave and White Cloud.

No. 17—Two run-arounds between Ligonier and Kendallville, account bridge construction.

No. 19—Small breaks near Alexandria but passable. Soft in wet weather.

No. 21—Drive with care. Look out for grading force, Chester to 2 miles north of Fountain City.

No. 22—Pavement between Indianapolis and Martinsville with one bridge run-around. Between Paoli and English are 17 miles of earth surface bad for autos in wet weather. Avoid south of Grantsburg account construction. Drive carefully past grading gangs between Bloomington and Martinsville.

No. 24—New grade completed between Palmyra and Salem but go via Fredericksburg or Martinsburg in wet weather. (New Albany and Louisville (Ky) traffic go via Pekin and Martinsburg in wet weather coming out on Rd. 5 at Greenville).

No. 25—Pavement from Lagrange to within 1 mile of Goshen-Middlebury road. One-half mile detour marked to south account bridge construction. Detour in poor shape in wet weather. Heavy traffic should avoid this stretch. Run-arounds at bridge projects 8 and 9 miles east of Angola. Traffic proceed slowly.

No. 28—Ferry across White river and two miles earth road across White river bottoms near Roger's Station.

No. 32—Run-around at bridge construction south of Romney. Look out for grading gang just north of Bloomington.

No. 33—Side detour at bridge construction 5 miles east of Crawfordsville. Detour 2 miles west of Crawfordsville account bridge wash-out.

No. 34—Drive carefully over narrow road caused by bridge construction at 5 1/2 miles south of Connersville.

No. 37—Closed between Anderson and Muncie for paving; detour marked.

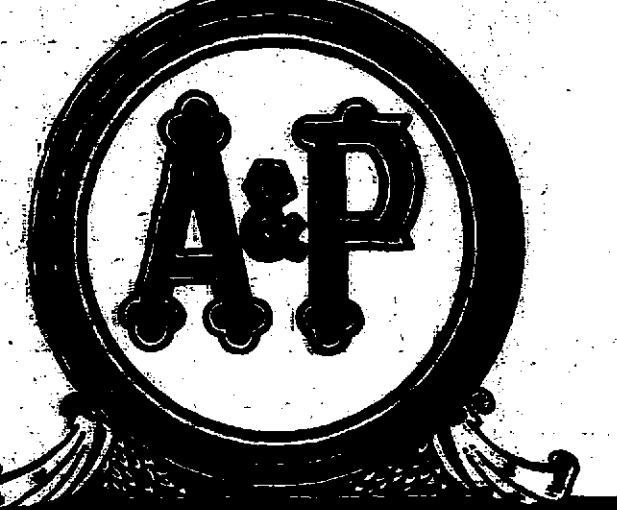

No. 39—Drive with care, lookout for grading force between Julietta and Hawthorne, all in Marion county.

No. 40—Two mile detour starting at 6 miles east of Scottsburg account of overhead construction at B. & O. railroad is poor. Drive carefully past grading gangs between Rising Sun and Aurora.

No. 41—Traffic use new grade over Willow Valley Hill except in wet weather, then use old road.

No. 42—Detour at 3 miles northeast of Valparaiso for bridge relocation; detour marked.

No. 50—Surface breaks near North Judson, Bass Lake, San Perre and Culver.

ABSOLUTE LAW ENFORCEMENT—I promise the citizens of Rushville that I will enforce all laws so long as they are on the Statute Books and that in so far as it is within my power, I will see that officers are appointed who will, without fear or favor, enforce the law.

MAINTAIN WATER & LIGHT PLANT—I promise to maintain the Water and Light Plant as a City owned plant, with rates as low as is consistent with the service given and the proper operation of the plant, and to fight any attempt of any person to do away with the plant as a city plant and sell it to private individuals.

CITY & COMMUNITY PROGRESS—I promise to do all within my power, consistent with the best interests of the good people of Rushville, to further the growth of this city, to bring new industries here and to develop present industries, to the end that Rushville may become the thriving city that it should be.

TAXES—I promise that I will personally investigate each and every proposal which would increase taxes, and oppose those that are not absolutely necessary for the benefit of the city, and to see that taxes collected, are properly expended, and that the citizens of Rushville receive full value for every dollar of their money so expended and to see that taxes are, at all times, kept to the lowest possible limit.

Did a fraction of a cent ever buy more?

Can you think of a time when a slight difference in cost bought more than it does now in coffee? The difference in price between 3/4 Coffee and so-called cheap coffee is now only a fraction of a cent a cup, but the difference in smoothness, strength and flavor is as great as ever. Despite the increased price of green coffee, there has been no change in 3/4 quality.

ONE GATEWAY FOR FLOW
OF LIQUOR IS CLOSED UP

Shooting of New York State Officer
Discloses Bootlegger's Warehouse
of Large Proportions

New York, Apr. 17.—One gateway through which millions of dollars worth of liquor flowed into New York has been padlocked by the prohibition authorities.

As a result, two of four big bootlegging rings directing smuggling here are reported as hard hit they are ready to cash in and quit. A sharp rise in the price of bootleg liquor in May is anticipated by the furtive eyed salesmen who slit about this city with gurgling dispatch cases.

The blow which struck at the very heart of current bootlegging operations in these parts fell as a result of the shooting of one William Delmadge, a probationary state trooper. Delmadge injudiciously tried some amateur "hijacking."

The shooting, accomplished by guerrillas of the wet army, exposed a bootlegger's warehouse in which were stored wines and liquors valued at more than a quarter of a million dollars. Moreover, it disclosed a situation in which state troopers are said to have been receiving bribes.

SHOW INTEREST IN
BUILDING PROJECT

Continued from Page One
contractors. Bankers expressed a willingness to offer loans to responsible persons.

Lumber men stated that there was an erroneous report that the price of building material was excessive, and they stated that reports that it cost \$1,000 a room to build a home was exaggerated. Such homes at \$1,000 a room, includes about the highest price with all the "frills", and they asserted that good rental houses, five rooms, bath and basement can be built for \$3,500.

With this report made, it was very encouraging, because many people can afford to build houses of this type on lots which they may own, and with a demand for such houses, the rentals can be figured to bring a good return on the principal invested.

A committee is expected to be organized at once, and a canvass taken of owners of vacant lots in an effort to interest them in building homes. It was pointed out at the meeting that it is urgent that if Rushville is to reap the benefit from the new industries, that houses must be built at once, and homes provided for the newcomers.

Mothers' Day

Sunday, May 10, is Mothers' Day.

It is her day—when the nation bows
in humility, showing reverence for
the composite Mother, who is typi-
cal of all that is good and whole-
some and sympathetic.Public recognition of the debt due
mothers, that has been growing an-
nually, is a splendid testimonial to
human character, and a refutation
of the common charge that people
are mercenary.A deep and abiding sentiment in-
spired the idea of Mothers' Day and
has fostered it and caused it to be-
come more generally recognized
each year.Mother is a word expressive of
tenderness and kindly sympathy.
She exemplifies the spirit of service
and self-sacrificing love—a practi-
cal sort of love that shows itself by
giving all that it has.It is the spirit of sympathy, ap-
preciation and practicality that
makes mother unspeakably precious
and has won for her the expression
of gratitude from a thankful people
once each year.The same measuring stick can not
be applied to all mothers. They dif-
fer just as all human beings differ,
but they fulfill their obligations of
motherhood according to their
knowledge and understanding.There are some who are con-
cerned about the future motherhood
—whether the present tendencies
that detract from the home will
lower the standards of motherhood.

Of Interest to Women

Many years ago Mrs. Lydia E.
Pinkham, of Lynn, Mass., originat-
ed her now famous Vegetable Com-
pound for women, by steeping roots
and herbs on her kitchen stove. The
fame of its success for overcoming
some of the most stubborn ailments
of women spread far and wide until
today the Lydia E. Pinkham Medi-
cine Co., of Lynn, Mass., is said to
be the largest user of roots and
herbs in the world. It operates a
large laboratory at Lynn, Mass.,
others at Coburg, Canada; Mexico
City, Mexico; Barcelona, Spain, and
Paris France.

They need not be alarmed.

"Mother will ever be mother, for
her instincts are as old as the first
mother, were she living, and as
deeply imbedded as a part of her
character. Mothers of today have
as great concern for the welfare of
their children as mothers ever did,
but mothers change with the chang-
ing times, and their conduct as moth-
ers can't be judged by the same
standards as a few decades ago.

Here's Where We Clean Up

Clean-up time is no longer some-
thing distant and apart. Its remote-
ness has been removed and we in
Rushville are now face to face with
the question of cleaning up or re-
maining unclean for another year.

This is all because Mayor Thom-
as has proclaimed next week as
clean-up week. To those who show
themselves clean will come the re-
wards. The city wagons will haul
away the winter's collection of rub-
bish and cast-off things providing
householders comply with the rules
of the game.

It is necessary to have everything
undesirable in containers in the
alleys so that city employees may
gather them up without undue waste
of time. There are two exceptions—
limbs of trees and ashes. These the
householders will have to remove
themselves.

On account of the favorable
spring, the majority of premises
have been cleaned already and most
people are ready for the clean-up
wagons. Those who are not may
take this as a warning to get ready.

Stewart's Letter.

BY CHARLES P. STEWART

NEA Service Writer

WASHINGTON—This is sup-
posed to be a quiet place
when Congress isn't in ses-
sion. The truth is that the nation's
sublimating goes on at the national
capital when the bulk of the law-
makers are gathered over the face
of the country than when they
are in the job, talking themselves
into a fresh political snap, or
prohibiting something it always
was all right to do before.

What Congress does, when in
session, is to carry out the plans
framed up by a few leaders during

recess periods, when they have
plenty of time to sit down quietly
and think and chat—to speculatively
—about the things they'd like to
put through.

So, recess-time though this is,
there's a continual dropping in
and whispering and scattering and
getting together again of this lit-
tle group or that. These meetings
are important, too. They don't at-
tract much attention just now, but
their results will, when Congress
reconvenes in December, or some-
what sooner, if an extra session is
called.

THE War and Navy Depart-
ments are planning more re-
search, aviation and other military
tests. The proposed ban would
deny publicity, except as officially
authorized, to any such demon-
strations as the sinking of the
battleship Washington, the more
recent anti-aircraft gunnery trials
at Fort Monroe, or the earlier
bombing of the condemned Ger-
man war vessels, concerning
which so much was said in con-
nection with the Mitchell controversy.
Publication of details or photo-
graphs other than those given
out by the departments, them-
selves will be prohibited. It all
ends have their way.

THE trouble with this program
is, how is it to be made effec-
tive without the co-operation

of the press—which isn't all of
it likely to be willing to co-operate.
In war-time it could be done, of
course. Even in peace-time it can
be done in some old world coun-
tries, where militarism has a tight
er grip than here. But in the
United States, except when war is
on, if the newspapers can get de-
tails and pictures, unless new laws
are passed, no means exists of pre-
venting their publication. And a
battleship, for instance, can't very
well be bombed in an enclosed
space, from which reporters and
photographers can be excluded.

THIS question came up in con-
nection with the sinking of
the Washington. It was go-
ing to be secret, Commander Hal-
sey Powell of "navy press rela-
tions" announced.

"Suppose," suggested one of the
newspaper men, "a press photog-
rapher goes up in a private plane

and takes his own picture. Would
you shoot him down?"

"Oh, my no," Commander
Powell exclaimed. "We couldn't
do that."

"Then how'd you stop him?"
"I never thought of that,"
the commander confessed. "I'm
blissed if I know."

ANYBODY who thinks just
because he's economical, that
President Coolidge is shabby,
too, makes a big mistake. He's
one of the best dressed men in
Washington. Beginning at the
top and working down, he has a
spike-tail evening suit, a tuxedo,
a Prince Albert and a cutaway
with two pairs of pearl-gray pants,
a riding suit, a knicker-outfit and
seven sack suits. Also many
hats, including a shiny plug. Also
numerous kinds of shoes and a
pair of spats. And the president
never appears otherwise than im-
maculately brushed and creased.
His suits cost, on an average,
\$125 apiece.

FOR FIRST DEGREE MURDER

Woman Will be Indicted Following
Slaying of Her Husband

Kokomo, Ind., April 17—An in-
dictment for first degree murder was
to be asked for Ethel Dombroski
today who shot and killed her hus-
band, Stanley Dombroski.

She shot him as he was returning
home here yesterday for his suit-
case following a quarrel between the
couple which resulted in his arrest
on an assault and battery charge.

Dombroski died a few hours af-
ter the shot was fired.

He leaves three small children by
a former marriage.

HAYNES FUNERAL

Kokomo, Ind., April 17—Activity

was resumed here today following
its suspension yesterday when El-

Boils!

Ouch!

S.S.S. will rid you of boils, pimples,
blackheads and skin eruptions!

DON'T CLOSE your eyes to the
warning which Nature gives when
angry, painful boils appear on your
neck, face or other parts of your
body. Boils, pimples and so-called
skin disorders are the result of an
impoor condition of the blood
and are not to be trifled with.

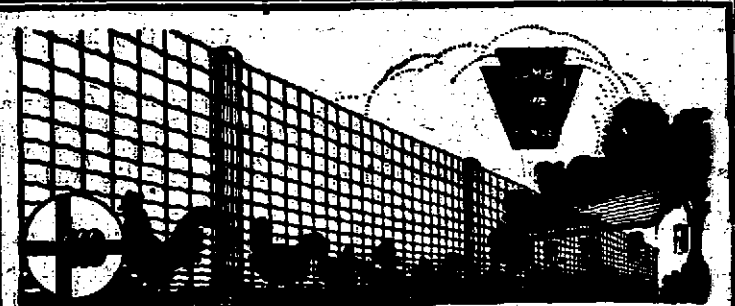

It is nothing more than folly to ex-
pect to get absolute relief from the
use of local treatments, such as oint-
ments, salves, etc. Such remedies may
afford temporary relief but you want
more than relief; you want a remedy
which will rid you forever of the tor-
turing disorder. And the one remedy
which has no equal is S.S.S.

S.S.S. stops boils and keeps them
from coming. S.S.S. builds blood
power! That is what makes fighting
boils. Fighting blood destroys im-
purities. It fights boils! It fights skin
eruptions—pimples, blackheads, ecz-
ema! It always wins! S.S.S. has been
known since 1826 as one of the
greatest blood builders, blood cleans-
ers and system strengtheners ever
produced. There are no unproven
theories about S.S.S., the scientific
results of each of its purely vege-
table medicinal ingredients are ad-
mitted by authorities. Begin taking
S.S.S. today and clear your skin of
those blood disorders!

S.S.S. is sold at all good drug
stores in two sizes. The larger size
is more economical.

YANKEES MUST GET ON TOES TO WIN

Prospect For New York Winning American League Pennant This Year Not So Good

TEAM IS TOO EASY GOING

Thursday's Game Good Example When Senators Win Game in 9th, Overcoming 3-Run Lead

By HENRY L. FARRELL
(U. S. Staff Correspondent)

New York, April 17.—New York will not win the American League pennant this year unless the Yankees get on their toes for the rest of the season.

The easy going spirit of the Yankees rather than any particular weakness in mechanical equipment is the load that seems to be the handicap of the Huggins team. It lost the pennant for them last year and it certainly can't have any other effect this season.

The difference between a championship team as is represented in the Washington Senators and the Yankees was shown yesterday. The Yankees went into the ninth inning with a 5 to 2 lead over the champions. The players started to collect their bats and moved near the exit from the bench. But in ten minutes the game had been blown right out from under them. The Senators pulled a spirited rally, scored five runs and won the ball game.

The Yankees seem to have everything but that stuff of which a real champion is made. They take too much for granted. They still think, apparently, that they are the best team in the American League and that the Senators are only lucky.

The Yankees are a stronger team on the field than they were last year. The addition of Urban Shocker, Earl Combs and Steve O'Neill has strengthened the team on the offense and particularly on the defense.

Steve O'Neill, who was tossed aside as being through by the Red Sox and who was picked up by the Yankees only because he knew how to handle a spit-ball pitcher, seems to have put a new dash in the club and he is playing the game that made him the best catcher in the league when he was with the Cleveland Indians.

Earl Combs has added a punch on the offense and he has strengthened a defensive weakness that the club had in centerfield last season.

Shocker, of course, has strengthened the pitching staff as he is one of the best pitchers in the league. It is true, that he was knocked all over the lot when he relieved Waite Hoyt yesterday but he went into the box "cold" and it was not exactly his fault that he could not stop the rally.

AN EXHILARATING EFFECT

A bottle of Herbine on the shelf at home is like having a doctor in the house all the time. It gives instant relief when the digestion gets out of order or the bowels fail to act. One or two doses is all that is necessary to start things moving and restore that fine feeling of exhilaration and buoyancy of spirits which belongs only to perfect health. Price 60c. Sold by

Fine Boxers in Army and Navy

By HENRY L. FARRELL
(United Press Sports Editor)

New York, April 17.—Some of these days the United States army may start a recruiting slogan—"Join the army and win a championship." There are two out and out products of the service now holding boxing titles and there are several others among the first-class fighters.

Gene Tunney, the American light heavyweight champion, is the most conspicuous graduate of the military boxing school. Tunney was a bookkeeper when he enlisted early in the war and he had never used a boxing glove until he put on the uniform. He admits that he took up boxing because he hated that part of the compulsory athletic training less than the other forms of exercise that were prescribed to build up the body.

Tunney found he had some natural talent and the physical equipment and he successively became company, regimental, brigade and division champion and then won the light heavyweight championship of the A. E. F.

Bob Martin was the most advertised of the army fighters. He never held a world's championship or an American title as they are generally accepted, but he might have if he had taken the proper care of himself. Like Tunney, Martin learned to box in the service and he became the heavyweight champion of the Allied armies, a title that might have been a world's championship if so many of the real professional

fighters had not found reasons to stay out of the service.

Mike Ballerup, who learned to box with the army in the Philippines won the junior lightweight championship recently from Kid Sullivan. The junior lightweight championship may be regarded as a trick title, but it signifies at least that the holder is the best 130-pound fighter in the country.

Bobby Garcia, a featherweight from Camp Holabird, is another good product of the army fighting school. He is one of the best fighters in the division and was one of those selected by the New York Boxing Commission to compete in the tournament that was organized to find a champion when Johnny Dundee resigned.

Eddie Burnbrook, a welterweight from the same camp, was one of the best prospects in the class several years ago, but very little has been heard from him lately.

Midget Smith, another army product was one of the best bantamweights in the country several years ago. He had a couple of fights with Joe Lynch that the fans are still talking about. If he had taken the proper care of himself, he might have won the championship because there is practically no class in the division now, as was shown when the title changed hands four times in one year.

The Navy is also coming to the front in the production of fine boxers. The sport is exceptionally well organized in the navy and it is given the greatest encouragement from the department and the high ranking line officers.

KEEPING ONE EYE ON THE SCORE BOARD

Yesterday's Hero: Eddie Rommel held the Red Sox scoreless after the first inning and hit a homer with two runners on bases, help the Athletics win their third straight game, 7 to 3.

Hard hitting off four Brooklyn pitchers enabled the Phils to win their first game of the season 8 to 1.

Three runs scored in the ninth inning with two down gave the White Sox a 4 to 2 victory over the Tigers. "Goose" Goslin accounted for four runs with two homers and helped the Senators beat the Yankees 7 to 5. Washington scored five runs in the 9th inning, Goslin and Judge hitting successive homers off Urban Shocker.

Charley Hartnett hit two homers and helped the Cubs beat the Pirates, 8 to 3.

Cincinnati took possession of first place in the National League by winning the third straight game from the Cards 7 to 3. Rixey allowed only two hits after the second inning.

With a barrage in the ninth inning that blasted McNamara out of the box, the Giants beat the Braves, 3 to 1.

Two runs scored by Glenn Myatt, star catcher, enabled Cleveland to beat the Browns, 2 to 1. Myatt's homer in the ninth clinched the game.

Chicago—The Canadian soccer club, western champions, left today for Riverton, R. I. to meet the Shawheen, Mass., soccer team Sunday for the national championship.

Tigers' Pilot

This is Capt. Dyer, now on the Princeton crew this season. He expects to pilot the Tigers to a most successful campaign on the briny deep. The material at hand is said to be the best in years.

FIGHTS AND FIGHTERS

New York—Sammy Mandell and Sid Terras, leading contenders for the world's lightweight championship, may be matched to meet at the new Coney Island stadium on May 26, the club announced. Terras has accepted terms and a reply is being awaited from Mandell.

Hartford, Conn.—Rocky Smith, Battle Creek, won a 12 round decision from Bob Lowrie, Boston. Tony Travers, New Haven featherweight, won a six round decision from Earl Baird, California.

Urban, Ill.—Sailor Larson won a decision over Joe Skully in 10 rounds here last night.

SPORT CHATTER

Chicago—Some of the country's greatest runners will compete here tonight at the annual bankers' meet. Stars include Joie Ray, Willie Ritola, Roy Hahnke, Ray Dodge and Ray Watson.

Philadelphia — "Wayne never would have lost the wrestling championship if he had listened to me," Mrs. Munn said last night. "He had a raging fever and I wanted him to call off the match with Zbyszko but he wouldn't do it." Munn said all he wanted was a return match with the champion.

Miss Hettie Retherford delightfully entertained the members of her card club Thursday evening at her home in North Main street. Refreshments were served after the card games.

The Loyal Daughters Class of the Main Street Christian church was delightfully entertained Wednesday evening at the home of Mrs. Lowell Gartin in North Main street. She was ably assisted by Mrs. Esta Webb and Mrs. Earl Harlow. After the devotional meeting a business meeting was held, at which time it was decided that the class would take charge of the program at the Sunday school Sunday morning and want fifty in attendance at that time. Mrs. Marie Offutt sang a beautiful solo and Mrs. Curt Hester gave a reading. There were twenty-eight members and guests in attendance. A delicious luncheon was served following the meeting.

Mrs. Loren Martin, Mrs. Nell Ashworth, Mrs. Paul Newhouse, Mrs. Earl Moore, Mrs. Walter Hubbard, Mrs. Hale Penney and Mrs. Donald D. Ball went to Indianapolis this morning to attend the biennial convention of the sorority at the Claypool Hotel. Mrs. Ball is the delegate from the local chapter and will take part in the business transacted during the two day meeting.

The opening session of the convention began this afternoon at one o'clock and late this afternoon the delegates were taken on a visit to the Riley Memorial hospital. The annual dinner and dance will be held this evening and the Saturday meeting will be taken up with business matters.

Each club in this county affiliated with the Clubs Federation, is urged to send two delegates to the sixth district convention to be held in Connersville Monday and Tuesday of next week. The convention will be held in the First Methodist church in that city and a splendid program has been arranged for the two days meeting.

On Monday evening a banquet will be the feature entertainment and all who are planning on attending are requested to make reservations. Following the banquet Mrs. Edward Franklin White, vice president of the General Federation of Clubs, of Indianapolis, will speak. Other speakers are on the program, who promise to give splendid talks.

Mr. and Mrs. Walter Thomas, Mrs. M. V. Spivey, Mrs. John Boyd, Mrs. C. E. Liddle, Mrs. Asa Green, Mrs. John Spencer and daughter.

The speakers on the program were Miss Mary Rankin a representative of the home board, who has her work in Varda, Tennessee; and Hugh Taylor, of the foreign board, whose work is in Siam. Both talks were splendid and were enjoyed by the local members in attendance. Mrs. Boyd and Mrs. Liddle were the delegates from the local society and they remained for today's meeting.

BEGINS TO WEAVE WEB OF EVIDENCE ABOUT WHEELER

Government Introduces First Evidence to Connect Senator With Oil Permit Matters

MISUSE OF OFFICE ALLEGED

Great Falls, Mont., April 17—The government began to weave its web of evidence today connecting Senator Barton K. Wheeler with oil permit matters of his client, Bert Campbell, Montana oil man.

R. A. Bennett, attache of the general land office, was the first witness called in the trial of Senator Wheeler for alleged misuse of his office.

John J. Slattery, chief prosecutor, announced he would base his case upon testimony of an unnamed Washington lawyer who would say that Wheeler urged him to enter a plot—fifty-fifty—whereby they would split the earnings of their prospective client, Gordon Campbell, Montana oil operator, in a shady oil deal.

Slattery is banking upon testimony of Peter Nyce, a capital attorney, according to information given the United Press. Only two Washington attorneys have been summoned by the prosecution and the other one is A. H. Furr, who disclaims any knowledge of such a deal.

None of this evidence was produced to the Borah committee in the senate which probed Wheeler's conduct in connection with Campbell oil permits and judged him not guilty, it was said.

Nyce is a law partner of George E. Chamberlain, former senator from Oregon. The latter acted as counsel for Harry M. Daugherty, former attorney general, when he was under investigation by the senate committee of which Senator Wheeler was a member. Nyce is understood to be on his way to Great Falls from Washington.

Identity of the mysterious witnesses has caused sensation here since Slattery first revealed his program to the jury in his opening statement.

WIDOW CHEERFUL AFTER NIGHT OF NORMAL SLEEP

Mrs. Anna Cunningham of Gary Awaits Next Step By State in "Poison Murder Case"

MAY BE ARRAIGNED SOON

(By United Press)

Gary, Ind., April 17—Cheerful after a night of normal sleep, Mrs. Anna Cunningham, 50, "poison widow" of Gary, today awaited the next step by the state.

State's Attorney A. A. Drener said today he would probably arraign Mrs. Cunningham tomorrow on the charge of murder. Mrs. Cunningham has confessed to poisoning four of her children. Three of them died.

In addition police are trying to determine whether her husband and another child who died under mysterious circumstances also were poison victims.

The vital organs of Walter and Harry Cunningham, two of the victims, are under examination by chemists of Purdue University and Chicago. Preliminary reports were that Walter's organs showed large quantities of arsenic. There are very small traces of poison in Harry's organs, giving some credence to Mrs. Cunningham's story that he died a natural death.

Mrs. Cunningham ate a hearty breakfast this morning. She is under medical observation for fear she would suffer another collapse. Relatives say she is an epileptic.

Admits Poisoning

Mrs. David Cunningham of Gary, Ind., has confessed to giving poison to four of her children, three of whom are dead, and the fourth, a son, David, is seriously ill. She is believed to be insane because of grief caused by the accidental shooting of a neighbor boy by her son, Charles.

holtzer, who died from poison taken after the alleged attack, were held yesterday afternoon.

The Stephenson and Oberholtzer homes are in the same neighborhood. Parents of the dead girl were expected to testify today at the inquest into her death. Upon completion of the inquest, Prosecutor Remy will determine whether he will seek a murder indictment against Stephenson.

The Stephenson house was under guard by a man who said he was a special police officer sent there by Stephenson's attorney to permit no one to enter without authority and to prohibit photographs of the premises being taken.

The house has about twenty rooms. On the third floor was a large room that had apparently been used as a meeting place by Stephenson. Poker chips were scattered about the floor of the room.

In a closet in the house many boxes of regalia made from fine materials were found. The head gears bore red eagles and the initials "K. L."

A large card index system of cards signed for the "Jackson for Governor" club was found by police.

NOBODY LOVES YOU

It is impossible to get anywhere
if you are a crab. Nobody loves you.
To be successful you must have a
kindly, lovable disposition. You can
not have this with an unhealthy liver
and stomach. They don't go to-
gether. May's Wonderful Remedy
has given complete and permanent
results in thousands of such cases.
Our advice to everyone troubled in
this way, especially when accom-
panied with bloating in the stomach,
is to try this remedy. It is a simple
harmless preparation that removes
the catarrhal mucus from the intes-
tinal tract and allays the inflamma-
tion which causes practically all
stomach, liver and intestinal ail-
ments, including appendicitis. At all
druggists.

A hardware store has always been thought of as more of a men's store, where men would buy
their Tools, Nails, Hoes, Rakes, Shovels, and a general line of Hardware. But the times have
changed. So now we have changed our store, and given the entire first floor space for the ben-
efit of the women. We have a complete line of Household Goods, not all on the first floor, but
all we could put there. Our Stove Department is on the third floor. Washing Ma-
chines, Clothes Baskets, Ironing Boards and that class of goods are on the second floor. We
want the women to feel that this is also their store for quality goods.

ORDINANCE NO. 406
An Ordinance to Regulate The Business of Itinerant Merchants and Solicitors.

Be it ordained by the Common Council of the City of Rushville, Indiana:

Section 1. That it shall be unlawful for any person, firm or corporation to engage in the business of Itinerant Merchant or in the business of Solicitor, as defined by this ordinance, within the City of Rushville, Indiana until the provisions of this ordinance have been complied with.

Section 2. That the term "Itinerant Merchant" is hereby defined to be any transient person who shall engage temporarily in making or selling of any kind of goods, wares or merchandise, including the making and selling of photographs, within said City of Rushville, regardless of whether such goods, wares or merchandise are peddled from house to house, sold on the streets or other public places, or sold from any room, building, structure or lot rented or leased for the purpose of carrying on such business.

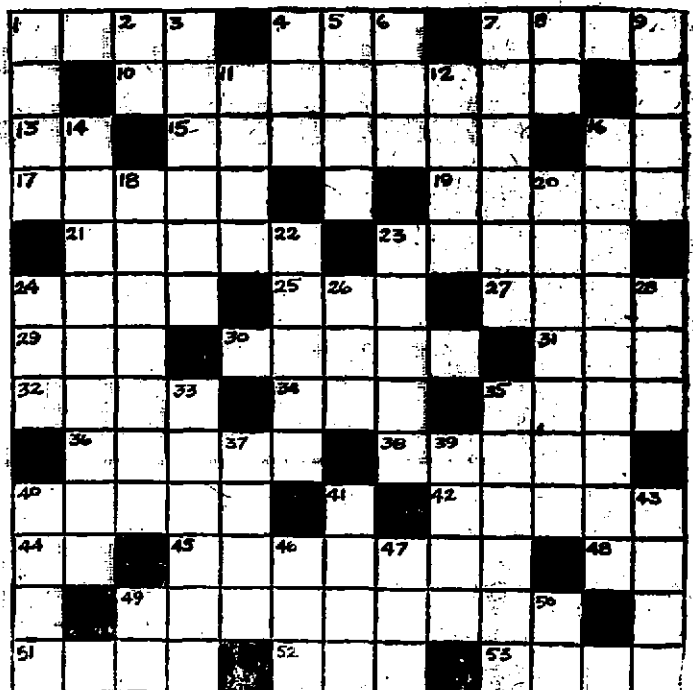

Section 3.—A "Solicitor" is hereby defined to be any person who goes from house to house or from place to place in the said City of Rushville, selling or taking orders for, or offering to sell or take orders for goods, wares or merchandise or any article for future delivery, provided, however, that this ordinance shall apply only to solicitors who demand, accept or receive payment or a deposit of money in advance of final delivery.

Section 4. That the provisions of this ordinance shall not apply to sales to dealers by commercial travelers, nor to sales by producers of farm or dairy products.

Section 5. That any person, firm or corporation desiring to engage in the business of Itinerant Merchant, as herein defined, within said city, shall make an application in writing to the Clerk of said City for a license so to do, which application shall be filed with said Clerk at least seven days before such applicant shall be authorized to begin such business. Such application shall state the name and residence of the applicant, the place where such business is to be conducted, the kind of goods to be sold and length of time for which license is desired. Such application shall be accompanied by a bond in the penal sum of \$500.00 executed by a surety company or two responsible free holders residing within the City of Rushville (or in lieu thereof a cash bond of equal amount) conditioned that all goods, wares, merchandise or articles sold by such applicant will be as represented by him and that he will refund the purchase price of any goods, wares, merchandise or articles sold by him which are not as represented. Any person aggrieved by the action of any such Itinerant Merchant shall have a right of action on the bond for the recovery of money or damages or both. In the event a cash bond is deposited, the same shall be retained by said City for 90 days after the expiration of any such license. Upon the filing of such application and bond, and the approval of such bond by the Clerk

of said City, a license shall be issued by the Clerk of said city to such applicant to begin business not less than seven days after the date of filing such application and bond, upon the payment of the following fees:—For one day \$15.00; for one week, \$50.00; for one month \$200.00. All such license fees must be paid in advance and if any such licensee desires to continue in business after the expiration of such license, a new license must be secured in the same manner and upon the same terms as the original license.

Any person exempted by the laws of this State from the payment of said license fees shall, before beginning such business, present to the Clerk of said City his credentials, showing that he is entitled to such exemption, and shall execute and file a bond as above provided, and upon the approval of said bond by said Clerk, he shall receive a certificate from said City Clerk authorizing him to engage in the business of Itinerant Merchant within the City of Rushville for any period not longer than one month. If at the end of a month said person desires to continue in such business, another certificate must be procured from said City Clerk.

Section 6. Any person desiring to engage in the business of Solicitor, as defined in this ordinance, within the City of Rushville, shall, before engaging in said business, file with the Clerk of said City an application containing his name and address, the firm or corporation which he represents and the kind of goods to be offered for sale, and the length of time during which he desires to engage in such business. Such application shall be accompanied by a bond in the penal sum of \$500.00 executed by a surety company or two responsible freeholders residing in the City of Rushville (or in lieu thereof a cash bond of equal

amount) conditioned upon the making of final delivery of the goods ordered in accordance with the terms of such order, or failing therein that the advance payment on such order be refunded. Any person aggrieved by the action of any such solicitor shall have a right of action on the bond for the recovery of money or damages or both. In the event a cash bond is deposited, such deposit shall be retained by the City of Rushville for a period of ninety days after the expiration of the time such Solicitor is authorized to engage in such business. Upon the filing of such statement and bond, and the approval of said bond a certificate authorizing him to engage in the business of Solicitor within said city during the time requested in said application.

Section 7. That all orders taken by Solicitors within the City of Rushville shall be in writing, in duplicate, stating the terms, thereof and the amount paid in advance, and one copy of such order shall be given to the purchaser.

Section 8. That any person, firm or corporation who violates any of the provisions of this ordinance shall upon conviction be fined in any sum not less than Ten nor more than One Hundred Dollars. Each day during which any person, firm, or corporation engages in the business of Itinerant Merchant or Solicitor in violation of the provisions of this ordinance shall constitute a separate offense.

Section 9. That all ordinances in conflict with the provisions of this ordinance are hereby repealed.

Section 10. That this ordinance shall be in full force and effect from and after its passage and legal publication.

Use Red Crown

The High-Grade Gasoline for Economy

Red Crown is the thrifty man's gasoline because it burns clean—every drop is vaporized and converted into a steady, steam-engine-like drive of sustained pulling power.

Every gallon of Red Crown contains more miles, because of the unbroken flow of energy in its continuous chain of boiling point fractions—unbroken clear to the heavy ends—the power end of the chain.

Red Crown is a joy in action and a delight in economy—it saves miles; it saves repairs; it saves power; it saves your engine and avoids carburetor adjustments—because—Red Crown distribution is universal. You will find Red Crown everywhere and everywhere the same.

On your vacation trip you will find Red Crown service is ahead of you throughout the ten Middle Western states.

Red Crown State Tax 20.3c 3. Per Gallon 23.3c

Saw Lincoln Shot

Sixty years ago, on the night of April 14, 1865, William H. Hershey, a soldier in the Union forces, witnessed the shooting of Abraham Lincoln in Ford's Theater in Washington. Hershey, now 85 years of age, lives at Dayton, Ind., and is one of the few survivors of the theater audience which witnessed the assassination.

Tom Mix Picture, Castle

"The Deadwood Coach," which was completed recently at the Fox West Coast Studios, is the greatest Western picture in which Tom Mix has ever been starred, according to officials of Fox Film Corporation who have viewed this production.

Lynn Reynolds directed the picture and also wrote the scenario. One of the best supporting casts Mix has ever had includes the following well-known screen players: Doris May, George Bancroft, DeWitt Jennings, Buster Gardner, Lucien Littlefield, Norma Wills, Nora Cecil, Sid Jordan, Frank Wills, Nora Cecil, Keckley and Ernest Butterworth.

The story of "The Deadwood Coach" concerns "The Orphan," a reckless outlaw who is feared throughout the West, but who, in reality, is the enemy of only one man. As a boy, the outlaw witnessed the murder of his father by an outlaw named Tex Wilson, and "The Orphan," dedicated his life to vengeance.

Rin-Tin-Tin at Princess

A photoplay featuring a canine star is to be presented at the Princess today and Saturday. The picture is "Find Your Man." The dog hero is Rin-Tin-Tin, star of "Where the North Begins."

Most of the action centers around this famous Police Dog whose athletic stunts will surprise you. His education began on the firing line in France where he learned to face shot and shell without flinching, and was continued in California under the direction of Lee Duncan. He has won many championships in running and jumping.

The story is laid in Timber Center. Gregory Mills and Martin Dains, lumberjacks, persuade Paul Andrews sweetheart of Gregory's stepdaughter, to float some logs down the river for them. Paul is not aware that he is an accomplice in a plot to steal Government timber. There is a murder for which Paul is arrested, a speedy escape from prison through the help of Paul's dog, Buddy, and then Buddy's remarkable rescue of Paul and his sweetheart from a plunge into the rapids.
